Why the hell are you giving that guy attention???

Just making sure his deleted tweets stay public, so maybe people can get a more accurate picture of who's who, who's credible, and how things turned out.

This idiot is like Trump (when he called Kim Jung-Un "Rocket Man"), except this guy is like Trump but on super fucking mega steroids. He's what we call an "attention whore." Similar to what all politicians are. I wouldn't be surprised if this idiot runs for government office in a few years.

I don't want to imagine that world.

Could you imagine if Kanye West ran for president, won, and then people on HF celebrate it ?

not trying to debate this point

Just now you know why I can get angry. That feeling of a Kanye world being sick is how I currently feel. It could always be worst though.
