Thread: [Risky bets: 2000 on Everton, 1000 for Tie vs Crystal Palace](#)

Everton is showing positive signs coming into this game on a win streak. Odds from the bookie are stacked against Everton. I might lose 2,000 bytes but I believe in an upset, and the power of a consistent win streak.

I also hedged the Everton win prediction with 1000 for a tie. The tie brings home 3390, and a win would be over 9000. Either way, solid for 3k total bets with only HF bytes ? !

I'll probably eat my words tbh lol

We shall see!

So far this year on HF, I:

- bet on Eagles Super Bowl 30K, for take home 60K
- bet and lost 100 for Watford to beat or tie Leeds
- bet 109 on Celtics to beat Miami Heat, take home 157

If this Everton bet is placed right, it's a 9K pot to enjoy on current odds.

I don't really gamble on sports but have 30K in HF crypto and figured I'd play around on Sportsbook and perhaps Blackjack if it's a true, honest 5 card deck or similar.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Everton won 2-1

Humble brag here, that worked out well.
