Thread: [HFReply - Reply to messages in HF Convo \(TamperMonkey Script\)](#)

**Novo** - February 15, 2025, 10:24 am

This allows easily replying to messages in the HF Convo!

Script: [GreaseMonkey](#)

How it looks:

dont use this bs, will get u banned from convo

(Feb 15, 2025 11:31 AM)Stephen Wrote: [\[CITE\]](#) Idk we have 2 private messaging & a tagging option in public convo I don't think this is the way but each to their own.

Person A is talking about something, Person B said something unrelated but similar.

i can reply to person b to not confuse Person a.

1 example.
