I use the Walmart brand "strong and soft premium" I try to poo at work as much as possible also, and they use the generic wholesale crap.

Shoutout to anyone in the service that used skill craft 1/16th ply sandpaper to wipe your ass.

Bonus points if you were in a port-a-shitter hotter than an oven.

MREs come with a stupid napkin that doesn't absorb shit and a small wet wipe the size of an alcohol pad.

RangoWorld - February 17, 2025, 8:52 pm

The cheapest one. Lol

PRORATTER - February 17, 2025, 10:50 pm

If I could, I would buy velvet toilet paper for a heaven like experience. In reality, the cheapest brand it is.

hiddenr4tter - February 18, 2025, 1:10 am

That raises the question...what an "non normal" store?

I have an Amazon subscription to a case of that each month and have built up 6 cases in storage. I likely have 12-18 months of TP easily.

I do prefer better TP over thin single-ply stuff.

After the plandemic you gotta have a surplus of TP, beer, rice and beans.
