Thread: [The Ultimate Cheat Code To Rust Malware](#)

Chorozon - February 20, 2025, 3:52 am

One of my favorite git hub projects currently filled with resources for coding all kinds of malware in rust and explaining the ins and outs of building malware using rust

has basically every technique you will need to start building your own , i have tested adaptations of some of the code in the wild with success

And its constantly being added to , very very cool

F4rw3r - March 7, 2025, 1:49 pm

It is not available where can I download it?

thanks

Kalodante - August 28, 2026, 11:56 pm

Cheers man!

x6400 - October 3, 2026, 12:43 pm

Dead now for anyone wondering
