Hey

E-whoring in 2025 is that still profitable

Meow - February 22, 2025, 7:46 pm

Yes, it's still profitable.

Sure is. Another way to make money is to do pedo baiting. I've seen a few Instagram pages on people making money through this, and I have too before, just gotta find the wealthy pedos, and it can be kind of dehumanizing talking to pedos all day TBH.

Yes, it's still profitable. All you need to do is find consistent traffic and you're good.
