Thread: [Who joined first?](#)

Empty Throne - February 24, 2025, 5:54 pm

Saying I have been here for awhile is an understatement, while I rarely say anything I do like to read. I'm curious, who among us has been here the longest and what has been the biggest change you have seen since you got here.

Ill go first, joined late 2009. I still remember vividly when uber was released and when support forums came online aswell.

Looking forward to reading about yalls journeys.

I haven't been around long enough to really have an input here. Joined late 2023.

I'm sure you have seen your fair share of change! Come on lay it on me!

Joined in 2016 so I am probably in the middle range of active users

August 10th 2009 for me. I was inactive for long time, after 2014 or so. Checked back in last year and been here since.

Back in the day I was here for the runescape section, general skidding, and trying to get more than \$20 into a paypal account.

:p

Joined mid 2018, I wish I knew HF younger, a lot changed since I registered.

I found out HF when I went back to school to study IT, I was interested in hacking, now I'm working in cybersecurity. I think HF helped a lot to achieve this.

Better late than ever, as we say.

2013. Lurked a long time before becoming active.

I think Omni would be the obvious choice.

TrackPro+ - February 26, 2025, 12:15 am

I joined in 2012. I roamed through hf as a guest for about a year before actually registering. I've seen a massive shift, for the better (or worse :hehe:), in site features and active members.

The biggest change I've seen is probably the shift towards more security-focused discussions. It's been interesting to watch the evolution of the forum over the years. Looking forward to hearing more stories from others!
