Thread: [\[Anonymous VPN\] Russian VPN - fast speeds, anonymous, encrypted, unlimited.](#)

Interconnector - March 2, 2025, 5:29 pm

Hello,

I'm excited to announce that we're now hosting a Russian VPN.

What's the benefits? They will NOT give out information to foreign countries. Nobody will take them to court.

Port forwarding

No restrictions besides DoS attacks or attacks against RU.

Unlimited bandwidth

Prices1 week - \$2

1 month - \$7

1 year - \$39

Accepted payment methodsAll cryptocurrency

2/2 Vouch copies

[contract=tid]Start Contract[/contract]

What is the logging and monitoring policy?

Seems like it is not true anonymity if provider is monitoring your behavior

GLWS!

On my end, none.

No one can ever tell from the ISP, but they claim they don't.

I vouch for OP his is real and great support by the way, Seven.

Seven is among the top hosting sellers on HF and believe me he has really cool stuff for really good prices.
