I was curious if we could add a vendor sub category to the chat sidebar.

something like this, think it would be an added bonus to the vendor group with the recent price increase.

Im all for it. Seems like a legit feature.

Every other member group is shown so don't see why it wouldn't be there already

What if someone is vendor and in other positions as mod ?

Not a bad idea though

The highest rank would show obviously. They won't show in multiple categories.

I don't see how this helps whatsoever, also if mentors were not separated I don't see why Vendors would be.

I don't think this would push anyone over the fence if they were figuring out whether vendor was worth it or not.

Just my opinion
