Anyone here into the Total War franchise games? I personally play alot of Rome 2, Shogun, and the Pharaoh dynasties. Three kingdoms has so many glitches its a damn shame.

The massive update to pharaoh was off the wall though. So much more included. And it was free.

My buddy and i are currently playing coop as Shutrukid (Persia) and Babylon

I'm with you on Three Kingdoms. It had so much potential, and the setting is fantastic, but yeah, the bugs and some of the design choices really let it down. It felt a bit abandoned after a while, which is a shame.

AOE is nothing like Total war you noob ?

Who plays board games, isn't that 1970's tech?
