These arent at all "get rich quick" schemes, there isnt even a guareantee you will get hired just because you applied! Good luck to all and if this does well, I might look for and post more international opportunities

Hopefully yhe poll will help me understand if yall want more or not!

The price is just for giggles lol

You need to spend some bytes for it! I took alot of time sourcing the best options and avoiding the bad/scammy ones. Also , since you are new, I recommend posting more at least 10 high quality

threads within this week if you can!
