Thread: [Leader wanted! Personal life - Vices - Gaming - Innuendo+ MORE](#)

Chrome - March 17, 2025, 2:49 pm

Hey guys, I feel we need to get things moving with Pulse for 2025.

Currently we have two leaders, [Game](#) and [Perfect](#) which are out of the picture as they're battling some personal issues. I won't stand them down as leaders as this is a temporary thing.

In the meantime, I am looking for some highly motivated individuals to take a leader spot for both facets of the group. I will be doing a bit of structure changes within the group and have members categorised to each sector (you can be in both). This will help the new leaders to understand who is here for what.

Being a leader on Pulse is a great opportunity as you will be making a massive impact to the HF community and help build it up. There will also be opportunities to get paid as a leader after hitting milestones and running successful events.

Personal Life sector:

I need a leader to help drive the personal life sections of the forum. This individual needs to be active in the Personal life sector and promote members to be active in there.

Gaming sector leader:

This will be a bit more of a diverse role. This leader will not only promote the activity in the gaming subforums and be active in there. This leader will also run tournaments and competitions both within and outside of Pulse.

If this interests you please put down what you can offer below or send me a DM. I would like to know what sector you want and why you think you're the right person for the role.

I like your userbar, this is cool.

[Eran](#) you basically live in the health sector, you should apply.

Is the position filled?

Maybe I could assist in some ways

All of Erans problems with the previous competition were fixed yesterday.

I hope to see him return soon. He's a good leader

I hope that's true, I did offer the role to Eran a little while ago. That offer still stands.

I think your plates a bit full there 7 LOL.

Little torn between Caboose and Proof right now. Although if 7 is serious, I highly recommend Pulse take him up on his offer.

7 and I work very closely together already. I don't think he needs a 3rd group to lead. We've discussed how we can collaborate. I'd like to leave it there.

He is a great help though, don't get me wrong.

Because you and other members have been shitting on Pulse and myself since October with no efforts to reconcile.

If you're actually serious, send me a dm

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
