Join Eden – A New Standard for Quality & Collaboration

Eden is more than just a group—it's a collective built on collaboration, guidance, and education. Inspired by legendary groups like The Alliance, The Black Knights, and Infamous I, we aim to revive the forum with high-quality content and meaningful discussion.

We are looking for dedicated members who are ready to contribute, share knowledge, and elevate the forum experience for everyone.

Requirements:

Active participation – At least 1-2 posts per week in our group subforums

Engagement beyond Eden – At least 2 posts per week in sections like the Coder's Lounge or another area of your choosing

Trusted reputation – No members with warning ratings or bad standing

If you're passionate about meaningful discussion and raising the bar for content quality, Eden is the place for you.

Reply here or send a pm/convo

I am only inviting up to 30 members. Once we are at 30 members I will be ending the recruitment and only backfilling spots.
