Don't deal with this person

He's a Scammer who scammed me and many others. Don't deal with him. Check his other threads where others said the same

I looked at the screenshots that you posted in the [Scammers Warning Thread](#).. and they do seem to check out. Sorry that he burned you like that. He said he would refund you on Saturday, then claimed he got arrested. Is he claiming because he got arrested, that he can't refund you now?
