Thread: [UHQ REDDIT INSTANT SALES METHOD! GET SALES IN AN HOUR](#)

truePi - April 9, 2025, 1:50 pm

You all saw, 2 days ago I have posted the flipping method here:

<https://hackforums.net/showthread.php?tid=6295750> I wanted to run a little experiment to show you all that it's not just luck. I posted the same method on Reddit, and it got VIRAL! I got 1K views in just 15 minutes. And Got my first sale in 1h!

I Pasted the flipping method into a Google Doc and (here's the kicker) — at the end, I plugged the link of my premium guide: The Reseller's Cash Machine.

Then I went to r/passive_income, did my homework — read the rules, studied how others post, and understood what flies ?

When I felt the vibe was right, I dropped my post:

? Title: How to make \$2000 per month, Guaranteed!

? Flair: Offering Advice/Resource

? Structure: First 2 steps + CTA link to my Google Doc.

? What Happened Next?

? 1,000+ views in 15 minutes

? 1 sale in under 1 hours — completely passive

? And now people are asking for more

That's the power of giving free value upfront and selling smartly on the backend.

Make sure not to use PayPal, or you will end up with chargebacks.
