Hello,
Can you do geo targeted installs, and also does it bypass developer mode? How many clients do you have online ?

press_f - April 10, 2025, 10:43 pm

Hi. There is no selection by geo. Bypassing the developer mode depends on your software. I only sell installations for your apk, I do not have bots.

gradually increasing, I think, to 4-5k per day, then more is possible

BTMOB - April 24, 2025, 12:09 pm

hi the install from which country ?
