Thread: [Good scary game?](#)

**Badge** - April 11, 2025, 11:47 am

Any recommendations? I've played the typical Outlasts/RE and a few others, just curious if anyone is interested in this type of genre or has some good picks!

**Bastille** - April 11, 2025, 11:48 am

Not fond of this type of videogames, but back in the days I really enjoyed Until Dawn

**Sam** - April 11, 2025, 12:04 pm

One of my personal favourites would have to be Layers of Fear. It's not for everyone but the best way to describe it is like an Amnesia game but without being perma chased the entire time. You should definitely check it out.

[https://store.steampowered.com/app/1946700/Layers\\_of\\_Fear/](https://store.steampowered.com/app/1946700/Layers_of_Fear/)

The other games I can think of are Soma, Until Dawn and Visage.

**Badge** - April 11, 2025, 12:06 pm

Layers of Fear looks really solid thanks man, I'll check it out asap looks promising

**Sam** - April 11, 2025, 12:08 pm

(Apr 11, 2025 12:06 PM)Badge Wrote: [\[CITE\]](#) Layers of Fear looks really solid thanks man, I'll check it out asap looks promising

I forgot to mention Silent Hill P.T This is by far the scariest game I have played but unfortunately it was cancelled and never completed. There is a demo version out there, please play it first!

<https://steamcommunity.com/sharedfiles/filedetails/?id=3019867267>

For the game I linked in my previous post above I think I linked the second part by accident, this is the first one [https://store.steampowered.com/app/391720/Layers\\_of\\_Fear\\_2016/](https://store.steampowered.com/app/391720/Layers_of_Fear_2016/)

**Sam** - April 11, 2025, 12:36 pm

(Apr 11, 2025 12:26 PM)m0hx Wrote: [\[CITE\]](#) Phasmophobia

mayb?

Wouldn't really call it a good horror personally, the tension/anxiety for the inevitable jump scare doesn't make it pleasing for me. Great game to play with friends though.

**Rsynced** - April 11, 2025, 4:19 pm

Amnesia: The Bunker is really hard and scares the crap out of you when your trying to hide from the

stalker.

**HappyNa7ion** - April 12, 2025, 8:23 pm

Minecraft scary mods from curseforge.

**Sam** - April 13, 2025, 1:05 am

(Apr 11, 2025 04:19 PM)Rsynchronized Wrote: [\[CITE\]](#) Amnesia: The Bunker is really hard and scares the crap out of you when your trying to hide from the stalker.

For an Amnesia game it wasn't really that scary in my opinion. The bunker focusses a lot more on tension and game mechanics. There aren't any cheap jump scares or random scripted shit. It reminds me a lot like the Alien Isolation game. The problem I have once you face the monster multiple times it just becomes generic and not scary at all.

I believe a lot of people became frustrated over time rather than scared.

Silent Hill P.T is the scariest game to ever exist, prove me wrong. ?

**Badge** - April 13, 2025, 1:11 am

(Apr 13, 2025 01:05 AM)Sam Wrote: [\[CITE\]](#) Silent Hill P.T is the scariest game to ever exist, prove me wrong. ?

That game was horrifying, just casually kept walking through the halls then you see a fridge or something swinging from the ceiling or the woman just standing?

**Sam** - April 13, 2025, 1:18 am

(Apr 13, 2025 01:11 AM)Badge Wrote: [\[CITE\]](#) That game was horrifying, just casually kept walking through the halls then you see a fridge or something swinging from the ceiling or the woman just standing?

I fucking loved it. I'm so sad the game was cancelled. Did you play Layers of Fear yet?

[https://store.steampowered.com/app/391720/Layers\\_of\\_Fear\\_2016/](https://store.steampowered.com/app/391720/Layers_of_Fear_2016/)

It's a different kind of horror but I enjoyed it. I linked the wrong one in my previous post.

**Badge** - April 13, 2025, 1:44 am

(Apr 13, 2025 01:18 AM)Sam Wrote: [\[CITE\]](#) I fucking loved it. I'm so sad the game was cancelled. Did you play Layers of Fear yet?

Silent Hill P.T is the scariest game to ever exist, prove me wrong. ?  
How about Evil Within?

**Sam** - April 13, 2025, 9:26 am

(Apr 13, 2025 09:13 AM)Rsynchronized Wrote: [\[CITE\]](#) How about Evil Within?

The game isn't scary it's just gory and gruesome. I would rather play Dead Space than Evil Within again.

**Rsynchronized** - April 13, 2025, 9:48 am

(Apr 13, 2025 09:26 AM)Sam Wrote: [\[CITE\]](#) The game isn't scary it's just gory and gruesome. I would rather play Dead Space than Evil Within again.

What about Fatal Frame?

**Net** - April 13, 2025, 9:56 am

I would recommend Soma, if you haven't played it. Horror game with one of the best stories I have ever played. The game will make you question what really makes a human.

**Sam** - April 13, 2025, 10:10 am

(Apr 13, 2025 09:48 AM)Rsynchronized Wrote: [\[CITE\]](#) What about Fatal Frame?

Are you just listing random games now, during 2001 yes it was scary.

(Apr 13, 2025 10:10 AM)Sam Wrote: [\[CITE\]](#) Are you just listing random games now, during 2001 yes it was scary.

No games I played, I played the Fatal Frame series on the Wii

I personally think 'outlast' and 'outlast the whistle blower' are the best scary games I have played. I have yet to find anything that can compare. Outlast 2 was a let down.

(Apr 13, 2025 09:56 AM)Net Wrote: [\[CITE\]](#) I would recommend Soma, if you haven't played it. Horror game with one of the best stories I have ever played. The game will make you question what really makes a human.

This game was great!

This game was great!

Play Silent Hill P.T and then you will look back on Outlast and laugh at how funny it was.

**Herbert** - April 13, 2025, 11:22 am

Everyone has a different definition for scary.

I have a hard time being scared of anything; I prefer me some good psychological horror.

Here are a few games that I can think of that can be considered scary.

- Lost in Vivo
- Welcome to the Game II / Scrutinized
- I'm on Observation Duty Series (Skip 3)
- Cry of Fear
- Dark Wood
- Resident Evil 7
- Dead Space
- The Last of Us
- Silent Hill 2 (Remake)

Then there are your vhs/psx-style horror games on itch.io where loud=scary (The Glass Staircase, Nun Massacre, Blood Wash etc.)

It's rare to find a game that hits the right atmosphere and have a proper build up.

I'm still torn as to what Callisto Protocol and Slitherhead could have been.

P.T. was a very nice demo, so I'm expecting Kojima to deliver with OD.

**Toss** - April 13, 2025, 1:43 pm

Evil within or Phasmophobia< use to be hella popular give it a try.

**Rsynced** - April 13, 2025, 4:44 pm

I only played it on PC unfortunately, I don't know much about how to get it on console. I'm sure there must be a way.

**Rsynced** - April 14, 2025, 11:04 am

(Apr 14, 2025 10:52 AM)Sam Wrote: [\[CITE\]](#) I only played it on PC unfortunately, I don't know much about how to get it on console. I'm sure there must be a way.

I have an Alienware laptop, so I'll try it out on PC, Just to try to getting something working like this on my PS4 would also be a thrill. Instructions:

0. You have a license for P.T. This is not a piracy method. I do not condone piracy. This will only work if you have legit P.T. license.

1. Download SUWI20201101.zip from the box above.

2. Extract it to C:\ and run all.bat inside c:\squid\sbin\.

3. Set your PC IP Address as proxy server address on PS4 with port 808.

4. Go to your purchased library on PS4 dash.

5. Download P.T.

Seems Resident Evil 7 botched the release of this game. I think they are stupid for not releasing it due to fans reaction.

I will admit RE7 is one of my favorites, not so the village.

**nsfwgoat** - April 14, 2025, 12:52 pm

Not really super scary but The Quarry has a great story. If you've played the outlasts and haven't play outlast trials, I would do that. Up to 4 person coop as well. Lastly, the entire dark pictures series on steam is fantastic and again the stories are great.

**Rsynced** - April 14, 2025, 1:08 pm

Was just playing it. I think outlast and re7 are way better IMO, This demo is not that great. I like the engine, but going back through this hallways loop is just redundant. I lost interest fast. I did not get scared at all by the jump scare. I would def play the full version if that ever comes out. But I see why they ditched it due to RE7

**Sam** - April 14, 2025, 1:21 pm

I don't think RE had anything to do with the cancellation. Was due to some disagreements with Kojima and the company Konami. I don't know the exact reason but they put him on an unpaid vacation, which doesn't sound good. His contract probably expired which resulted in the game development for PT dying with it.

Can't really compare a teaser to any fully released game. I enjoyed it due to being extremely immersive, something different.

I started to think the teaser was made just to hype up the upcoming Silent Hill game, perhaps P.T was never intended on being released. Was a long time ago now anyway, I've over it.

The baby was creepy as hell, I will finish it when I get time. Thanks for the share anyway, I never played this one.

**Fukusu** - April 15, 2025, 5:49 am

Escape from Tarkov when you get shot in the head, gets me every time.

**Sam** - April 15, 2025, 6:21 am

(Apr 15, 2025 05:49 AM)Fukusu Wrote: [\[CITE\]](#) Escape from Tarkov when you get shot in the head, gets me every time.

For a new player it actually can be scary. Spikes your anxiety so hard then you occasionally get jump scared out of nowhere. Once you are above the learning curve and become familiar the surroundings and play style it becomes a lot easier.

**Fukusu** - April 15, 2025, 6:55 am

(Apr 15, 2025 06:21 AM)Sam Wrote: [\[CITE\]](#) For a new player it actually can be scary. Spikes your anxiety so hard then you occasionally get jump scared out of nowhere. Once you are above the learning curve and become familiar the surroundings and play style it becomes a lot easier.

Yeah I usually had to get a buddy to carry me through the raids.

**Trust** - April 15, 2025, 7:16 am

Horror games are my bread and butter. Here's a few indie horror games I've enjoyed over the years:

Spooky's Jumpscare Mansion  
Remothered: Tormented Fathers (great if you liked RE7)  
Murder House (or most Puppet Combo games)  
White Day: A Labyrinth Named School  
Visage  
COLINA: Legacy  
Home Sweet Home  
Fears to Fathom

I'm a horror game completionist. Love them!

**Badge** - April 15, 2025, 7:46 am

I really liked Fears of Fathom from what I've played so far. Need to try the other ones and also might have to try out Remothered ty for suggestions

**Batman Beyond** - April 15, 2025, 11:51 am

Real life. Haven't seen anything scarier

**cosmocheats** - April 16, 2025, 2:05 am

(Apr 11, 2025 11:47 AM)Badge Wrote: [\[CITE\]](#) Any recommendations? I've played the typical Outlasts/RE and a few others, just curious if anyone is interested in this type of genre or has some good picks!

If you're into stuff like DBD, Hunt, or Dark and Darker, you can also try Texas Chain Saw Massacre, GTFO, Phasmophobia, or Sons of the Forest. Solid horror vibes with either PvP or co-op tension.

**uhadmeathello** - April 18, 2025, 7:02 am

Outlast series. Shit gave me nightmares

**Gumball** - April 18, 2025, 9:52 pm

I would say all the The Dark Pictures Anthology games are really good!

The Devil in Me

House of Ashes

Little Hope

Man of Medan

-----

They are made by the creators of Until Dawn (Supermassive Games) and all have the same play-style as Until Dawn.

Supermassive Games also released a game called "The Quarry" which I thought was really good.

Oh, I almost forgot! The Puppet Combo games are also really good- so anyone who's looking for Horror Games should check those out too!

**Rsynced** - April 19, 2025, 10:01 am

Get 'OBSCURE: THE AFTERMATH' for the Nintendo Wii. Fun stuff!

**Hopsin** - April 19, 2025, 11:34 am

Which Platform ? Left4Dead, Silent Hill, Legacy of Kain Soul Reaver and many more.

**Badge** - April 19, 2025, 11:38 am

(Apr 19, 2025 11:34 AM)Hopsin Wrote: [\[CITE\]](#) Which Platform ? Left4Dead, Silent Hill, Legacy of Kain Soul Reaver and many more.

Mostly for PC, but I do have console. L4D is a great game not really played any Silent Hill's besides

the PT version for ps4 and I'll check out Legacy of Kain Soul Reaver man

**PSNReady** - April 21, 2025, 11:56 am

Resident evil 4 remake is cool

**BTMOB** - April 24, 2025, 9:52 am

Amnesia: The Bunker (2023) – Intense atmosphere, limited resources, and a terrifying monster that reacts to sound.

SOMA – Deep existential horror mixed with sci-fi. Not just scary—it's disturbing in a smart way.

? Supernatural/Paranormal

Phasmophobia – Co-op ghost hunting game. Genuinely creepy with friends.

The Mortuary Assistant – Embalming bodies while getting haunted. Yes, it's as freaky as it sounds.

? Survival Horror

Resident Evil Village (or RE7) – Classic RE horror with modern graphics and gameplay. RE7 is more claustrophobic; Village is more gothic.

**valefar** - April 24, 2025, 12:01 pm

play IMSCARED its genuinely unique and good messes with ur files so u gotta look through them for a key costs about 4 dollars on steam so its def worth the price

**cloverblanket** - April 28, 2025, 7:24 am

I've played Silent Hill but got scared and threw the controller, so that's a good one

**McClubbin** - April 30, 2025, 8:06 pm

Surprised nobody's mentioned yet, but S.T.A.L.K.E.R. 2 and the trilogy that made the first are all great, open world, pandemonium and will always kickstart your nerves. You're in the center of Chernobyl after a huge nuclear explosion at a power plant and it's up to you to avoid radiation, mutants and brick wall types of frustration to put back together operations there, whether you're doing the missions of rebel (stalker) scum or just making a name for yourself/allies who help. Almost always seems to be consoling in the dead of night in the midst of one spooky ass marsh in about 5/8 regions, and in that, a real man's horror IMO. Try it out on game pass, if on x|s or Windows and don't operate a toaster.

**gnojedkire** - May 3, 2025, 2:42 am

Death within tem and us .. very old amiga game

**toast e** - May 11, 2025, 8:59 pm

Here are some recommendations.

Silent Hill (series)

Condemned Criminal Origins (need some mods on pc for smooth gameplay)

Condemned 2 Bloodshot (only on console unless you use an emu)

Cry Of Fear

Fear (series)

Resident Evil 7 (i know you played Res games but this one is one of the scariest games in general i've ever played)

Puppet Combo games (some of their games are basically a chase simulator but good)

There's more i can't think of right now, i'll add more when i remember but these are pretty good in my opinion.

**Pr0m3th3us** - May 11, 2025, 9:01 pm

Anyone mention resident evil series? The number 4 remake is legit.

**ABC1234637** - May 21, 2025, 4:40 am

Layers of Fear looks really solid thanks man, I'll check it out asap looks promising

**Pr0m3th3us** - May 21, 2025, 12:11 pm

Silent Hill 2 remake is absolutely amazing...

**SIM-5659872** - June 4, 2025, 2:11 pm

Alien: Isolation is hands down the scariest game I've ever played. I don't usually play horror games because I'm a scaredy cat, but this one has a really cool theme, and the Xenomorph is really scary.

**Sam** - June 6, 2025, 11:01 am

(Jun 4, 2025 02:11 PM)SIM-5659872 Wrote: [\[CITE\]](#) Alien: Isolation is hands down the scariest game I've ever played. I don't usually play horror games because I'm a scaredy cat, but this one has a really cool theme, and the Xenomorph is really scary.

The problem with this game is the monster just becomes predictable and ends up becoming annoying rather than scary. Especially on higher difficulty, just becomes frustrating. Then again I'm not a really a guy who likes to perma run and hide, not for me.

For example go check out Visage on Steam. The games are not comparable but if Alien: Isolation is the scariest game you played then you don't know what you are in for playing Visage.

<https://store.steampowered.com/app/594330/Visage/>
