Hey everyone,

YouTube has started carrying out mass bans on Google Family plans, and unfortunately, our master family plans have been affected as well.

For now, we're going to wait a few days and monitor the situation before taking further action. If plans couldn't be reinstated or no new method is around, we'll be assigning store credits to affected customers accordingly.

We appreciate your patience while we wait this out. ?

We'll keep you updated.

For the family invitation, you'll need to change the region. You can either hand the credentials or I'll guide you on how to change the region. Once we done inviting and making you join the family plan, you can revert back to original region if needed.

Youtube Family invitation thing has been unreliable recently.

The reliable one with no drops is Individual Upgrade which costs more than family invitation. But, no drops or anything like that for a whole year. Doable on your own account.

Yes, it's 40\$ for a whole year. You'll also have the full warranty for a whole year incase anything happens so there's nothing to worry bout.

Unfortunately i have to edit my review for Nitro.

Yearly Nitro lasted less than 2 weeks, since it was asking to fix payment method. I asked for a replace/fix, and after some days of silence he gave me a new payment info, that didn't work again.

This happened on 9th August, and as today i keep texting him, and he replies every 3/4 days saying "tomorrow will be fixed for sure".

Well now is 27th of August and still no fix or news.

Hello OP, I am interested in activating my own personal Spotify account (Spotify Individual Upgrade). I previously had an activation subscription as part of a family group, but I am no longer part of it. Could you please let me know how long this subscription lasts and whether you accept PayPal? Thank you in advance, and I look forward to doing business with you.

Hello. The upgrade would cost you 24.99\$ yearly for Spotify individual without podcasts and 26.99\$ with podcasts. I don't do illegal stuff and hence I'm unable to provide things like lifetime warranty and similar sh*ts.

I can take PayPal but there's gonna be extra 10\$ as a fee.

Hey. Welcome back to HF mate.

Adobe upgrade includes all the creative cloud. I'll be providing you a premade account which is going to be completely private and would stay for a whole year for 54.99\$ total.

Payment options are major cryptos. I can take PayPal and Cashapp aswell but with extra fees of 10\$.

Unfortunately, I'm not able to do an invoice though.

Regards,

Family plans on YouTube no more works as they'd increase price, kick you from the family plans. Anyone selling you YouTube family is basically scamming you at this point. Only thing that works now is Individual Premium.

And yes, I'll be able to do Netflix. Lmk what plan do you need. They're bought legally on your own

? Important Update for YouTube Premium

Hey everyone,

YouTube has started carrying out mass bans on Google Family plans, and unfortunately, our master family plans have been affected as well.

For now, we're going to wait a few days and monitor the situation before taking further action.

If plans couldn't be reinstated or no new method is around, we'll be assigning store credits to affected customers accordingly.

We appreciate your patience while we wait this out. ?

We'll keep you updated.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
