Thread: [We Are Hiring Call Agents](#)

hashe - April 16, 2025, 2:29 pm

We are hiring people to work with us for call service project, the conditions are quite simple. If you're interested, you must be:

- the only skill required is to have fluent, understandable English (around B2/C1) without accent.
- you can start from home or anywhere you go.
- payment is good and could be more based on your performance.
- 5 hour each day.

if u are interested get in touch for more details on TG @vinsmoka and especially for voice note verification.

What's the GMT ? You should state how much you are paying per day/month!

I am very good at accent and pronunciation, but I speak with thought. If I have to speak standard things, I can definitely do it (like reading a standard text or reading the answer to the other person).
