Yo!

I've always been slandered by peers for my typing speed (and the noise it makes from my laptops keyboard... lol). I'm curious to see out there who else is a fucking ninja with the fingers?

Here are my results:

Take your test here <https://typing-speed-test.aoeu.eu/>

I'm at 42WPM after 2 tries.

Gosh, you're fast. And you do that on a laptop?
