Sholi - May 2, 2025, 5:21 am

Quote: Hi everyone,

Grand Theft Auto VI is now set to release on May 26, 2026.

We are very sorry that this is later than you expected. The interest and excitement surrounding a new Grand Theft Auto has been truly humbling for our entire team. We want to thank you for your support and your patience as we work to finish the game.

With every game we have released, the goal has always been to try and exceed your expectations, and Grand Theft Auto VI is no exception. We hope you understand that we need this extra time to deliver at the level of quality you expect and deserve.

We look forward to sharing more information with you soon.

Sincerely,
Rockstar Games

oregasupe - May 2, 2025, 7:52 am

I knew this was gonna happen eventually, but yeah, at least i got more time to get a PS5

gnojedkire - May 3, 2025, 2:41 am

One year to wait , if it is not delayed again

flyingduck - May 3, 2025, 3:06 am

Pr0m3th3us - May 3, 2025, 3:08 am

Gives me time to save up for that 6080ti that doesn't exist...

Sam - May 3, 2025, 3:38 am

People complaining about waiting for so long but I would rather wait and ensure the game is a fucking masterpiece. GTA has always been a good game, this new one will be definitely worth the wait.

KKB - May 3, 2025, 3:45 am

You're gonna see a BUNCH of game releases be announced for the fall time now, nobody wanted to compete with this. Xmas bundle deals for other IP's

ByteDoktor - May 3, 2025, 4:26 am

Im happy we finally have an official date, we no longer need to speculate.

Pr0m3th3us - May 3, 2025, 8:18 am

What's worse is the PC version will be even more of a wait...sigh...FML. As a gamer that plays around 4 hours on weekdays and 8 on weekends this sucks...

SIM-5648337 - May 3, 2025, 8:35 am

better it will be cheaper when it comes out?

Mix - May 3, 2025, 6:06 pm

Sadly I think we all saw this coming from the start, every time the hype is made so high they delay it to make more hype and to gain more traction the the series and game. It was already bad enough for the Pcc gamers as we have to wait even longer already.

XPRT - May 3, 2025, 10:08 pm

Go figure. and in may of 2026 itll be extended until may of 2027.. and so on.

U812 - May 6, 2025, 10:37 pm

Man, i was so excited to play it

fishfren - May 7, 2025, 11:27 pm

Real life will be GTA before it comes out looking at how the economy is going.

Hopefully it isn't delayed any more.

Prince™ - May 9, 2025, 9:34 pm

Well atleast they dropped another trailer and it was really dope.

Accumulate - May 9, 2025, 9:41 pm

I'd much rather them delay than release the game unfinished.

bot1044net - June 6, 2025, 1:45 am

i think GTA is never going to be released
