FAQ

Please take a moment to read through the FAQ it'll only take about 60 seconds and will give you a clearer understanding.

1. I have no experience with PPC or CPA. Will I still be able to use this method?

Yes, this method is 100% beginner-friendly. You'll get a clear, step-by-step written guide covering all the essentials. And if you run into any difficulties, I'm here to support you through live chat and screen sharing, making sure you feel confident every step of the way.

2. How much time do I need to dedicate daily?

You'll only need around 10 minutes per day. Once everything is set up, the system runs nearly on autopilot.

3. Is this method available in all countries?

The method works in all countries, yes

4. How much can I realistically earn?

In my first month, I earned around \$3,700. By the second month, I crossed \$8,000, and I'm on track to exceed \$12,000 in the third. Based on this, I can confidently say that if you follow the process correctly, you can expect to earn at least \$1,000 to \$3,000 in your first month, with a potential Monthly Growth of 25% to 40% moving forward.

5. Is there an initial investment required?

Yes, for the essential you'll need to invest approximately \$10 per month.

As for advertising, every \$10 spent on ads can typically generate \$40 to \$60 in return, which translates to 2 to 3 qualified lead conversions.

6. Will I receive updates if the method changes?

Yes. While I don't anticipate any major changes for at least a year, I personally use this method and monitor it closely. If any updates are needed, I'll notify all buyers and provide the revised steps immediately.

7. When can I expect to start seeing results?

Results can begin as early as day one.

8. How to Purchase / Make a Payment?

We primarily accept payments in Crypto

If you're located in the USA or Canada, we also offer additional options such as Venmo & Zelle

9. Is there a refund policy?

Absolutely. If you follow the method exactly as instructed and do not earn between \$1,000 and \$3,000 within your first month, you'll be eligible for a full refund

Cheers,

So you are basically selling a strategy for CPA/PPC/CPD ?

Do I have to work on finding niche, making website etc. ?

Do earnings depend on my creativity (niche) ?

We are basically setting up website (eg. CS2 hacks) & advertising it on tiktok/facebook/adsense? Or there is anything else?

codenamezero - May 13, 2025, 7:19 am

I will give you \$1000 make me \$5000 with your method and send those to me hmu if you deal

S5ean - May 13, 2025, 12:09 pm

I bought this method about 8 days ago. The method is incredibly detailed step by step instructions on how to get started, It's 27 pages worth of info. Make sure you take your time to read everything as most questions are answered on the main doc. This isn't your standard crappy PPC/CPA method

where it simply tells you to create your own websites and promote it however you see fit.

TAKTIK goes in great detail where to apply and how to promote these ads, He even has access to an app that uses AI technology that can help you reach a lot more leads. As soon as a purchased the method I began following it, TAKTIK was there to walk me through each step. Whatever step wasn't in the method he would assist with.

TAKTIK provided landing page layouts and told me which agency was the best one to apply with. He even helped me getting the right documents to be approved 100%. As of this morning I'm officially set up and waiting for income to roll in. But why did It take so long? Answer is simple, Its not because of the work that needs to be done or because TAKTIK is slow to respond. It's the waiting you have to do to be approved, that can take several days. Some of these reps are overseas and dont reply right away.

In conclusion, I'm happy with my investment. I had zero experience in PPC but TAKTIK makes it easy to follow and understand. This isn't a get rich quick method. This will take time but if you follow his method you have no reason to fail. Once I start seeing earnings I will post screen shots.

Thanks TAKTIK

Let's be real, I'm not making \$100K/month myself. While it might be theoretically possible, my current earnings are around \$12K–\$14K/month.

To reach \$100K/month, you'd need to scale what I'm doing by 6–7 times. That means:

Applying to multiple Pay-Per-Call (PPC) agencies

Spending 6–7x my current ad budget

Dedicating 6–7x the time and effort

But honestly, I recommend starting small. In the guide, I've included a scaling strategy you can follow step by step.

Plus, you'll get 1:1 support from me, available 12 hours a day (10 AM to 10 PM Finland time, weekdays).

Alright, let's get started!

Every Monday, I'll be sharing my earnings from the previous week right here. My YouTube channel is also launching this Monday, and very soon, I'll be adding credit card payment processing to my website. This means you'll be able to purchase directly using your card, no crypto required.

Most sellers avoid offering credit card payments because they're not fully confident in their method. But since I haven't received a single negative review so far, I'm confident in the results this method delivers.

I believe offering card payments will make things easier and more trustworthy for everyone.

Stay tuned, exciting things ahead!

Hello,

Thank you for your comment!

It's no secret that I was banned from BHW, I've mentioned it myself here, and I even display the BHW logo on my banner.

The ban happened on the very first day I published my thread there due to having created a second account. I explained to the admin that my intention was simply to launch a separate sales, and I provided proof of that. Despite my explanation, they chose not to lift the ban.

You can view the exact reason for the BHW penalty here:

Answer is simple, Its not because of the work that needs to be done or because TAKTIK is slow to respond. It's the waiting you have to do to be approved, that can take several days. Some of these reps are overseas and dont reply right away.

In conclusion, I'm happy with my investment. I had zero experience in PPC but TAKTIK makes it easy to follow and understand. This isn't a get rich quick method. This will take time but if you follow his method you have no reason to fail. Once I start seeing earnings I will post screen shots.

Thanks TAKTIK

New Announcement

Last week revenue:

So far, we've sold over 10 copies and continue to personally support each and every buyer. The feedback has been great, while we've only received a few public reviews, it's important to note that we never pressure anyone to leave a positive one. That said, we've had zero complaints, and we're always open to both positive and constructive feedback.

To celebrate the success of the last 30 days, I've added a bonus method for current buyers that can boost ROI by an additional 50%.

(If you've already purchased, send me a message to claim your free gift.)

Update on Pricing:

The 50% discount has officially ended. We're now offering a 40% discount for the next 10 buyers only.

Note: After every 10 sales, the discount will drop by 10% until it's removed completely.

Feel free to check some of the early feedback and support messages from buyers during their first couple of days!

DragonDays - June 10, 2025, 5:56 am

Just a quick update for those interested. I purchased this method the end of May and officially started implementing it on June 4th.

The pdf doesn't have any fluff in it, which I appreciated, so it's on the shorter side. The instructions are clear and when I did have questions TakTik was available to offer guidance on Telegram.

I don't personally have any experience with Pay Per Call so all the help has been greatly appreciated. I've now been implementing the method for 5 days (6/4/2025-6/8/2025) and I've gotten 8 total calls, 3 of which were qualified for a total of \$78 in my payout balance. I plan to let this grow before withdrawing anything. I also plan to skip the weekends going forward as I only got 1 unqualified call over the weekend.

There are a few other profit boosting methods in the course that I plan to add soon, one is a scaling method and another is an AI method.

I will try to post the previous week's results every Monday going forward. My initial goal is to get weekly revenue to \$100. Since I was able to hit \$78 between Wednesday, Thursday and Friday I'm hopeful this week will cross that goal. My final goal for this documented journey will be to reach 1k per month net profit. I'll update again on the 16th, we'll see how long it takes to reach that final goal. Lastly, I'm not able to post images yet but once I reach 50 posts I will start posting image proof.

Quick Update #2:

For the week of 6/9/25-6/13/25 I got a total of 11 calls, 3 of which were qualified for a total of \$78 in revenue.

My ad spent this week was \$65 so made a small profit.

I haven't yet hit my \$100 in a week goal but I've made some changes so I hope to have that happen this week.

As I mentioned previously, once I get to 50 posts I will start posting images of my stats.

Hello there, that's impressive.

How long does the setup take? Please send me the discount code?

Do you guarantee me to make 100% ROI ?

Thanks bro

UPDATE:

I've been receiving a large number of messages from people who purchased my method through unauthorized resellers, complaining that they can't understand it or make it work.

Let me clarify a few important points:

If you got the method from anyone other than me, you obtained it without my permission that's

considered theft, plain and simple.

The PDF intentionally contains only 30–40% of the full method, and even includes misleading information to prevent misuse. Key details, including essential referral links, are only available through me directly.

This method was deliberately designed to only work with my direct guidance, and that's my right to protect both my work and the investments of legitimate buyers.

To those who bought from resellers: good luck, but you won't get results without proper support.

No vouch copies available to reputable members? The website's video proof is pretty good and looks legit, however the testimonials are so generic they almost look like paid actors if I'm honest.

The underlying question is, if you're making that amount per month why sell it? Surely there's saturation risk depending on the market size, especially if running ads.

Healasuk - June 19, 2025, 5:07 pm

I can provide a review if you'd like

HiigherSkilledWave - June 19, 2025, 11:41 pm

Thanks, Taktik. I received the method two days ago everything seems very straightforward and easy to understand very good support from Taktik as well . I'll start running ads today and will share my review afterward

Update

I'll be pausing all new orders for the next 3 weeks due to a personal emergency.

During this time, I won't be able to provide the same level of support I'm known for, and I believe it's only fair not to accept new clients if I can't fully support them.

I'm currently working on finding a reliable virtual assistant who can deliver support at the same high standard — but it's not easy, so I appreciate your patience while I do my best.

Current Stats

70–75% of buyers who purchased my method are already making a solid income.

The remaining 25–30% are recent buyers who are still getting started. I'll continue supporting them, although a bit slower than usual — but I promise to give my best effort.

I take pride in offering top-tier support and won't settle for anything less.
