She has a heart condition and quit smoking/drinking.. so she enjoys *tomato*s now. She wants to grow her state allowed number of them and so i got some seeds from a buddy. Here's to hoping for all girls. All the seeds came from the pot shop and are of high quality, so I'm hoping for some good stuff. I don't indulge myself, just love growing things.

That's great that she's found something that she enjoys after quitting smoking and drinking! Growing tomatoes is actually pretty fun, especially if you like plants in general. I wish you the best with your grow!!
