Thread: [Olympians on the market](#)

Neil - May 12, 2025, 7:41 am

Thinking about just keeping benevolence until the end of days rather than the olympians.

If anyone wants to buy it , 5k (i'm in no rush at all to sell).

Lowballs won't get a response.

Again, not in any rush to sell, i don't need the money but if anyone wants a group & wants to offer me 5k, that's the price i'd let it go at.

would be cool if [Zeus](#) was head of Olympians and saw post that he wanted group

He said he bought another group 3 days ago, not sure if you can own more than one group.

You can own however many groups you want. There's 3 members that own two groups currently.

He already was. Zeus started Olympians, Neil just bought it from him including the branding.

[Zeus](#) schlime is onto bigger and better things now.

Best of luck to anyone who purchases Olympians!

Legend has it if you say "not in any rush to sell" 2 more times you'll actually summon someone who's nostalgic and yet dumb enough to actually overprice this much

He actually didn't buy the branding i just let him use it, so whoever buys it has to change the name and graphics etc.

If anyone wants to Lease olympians, that's also always on the market.

No one does, no one will. You didn't push for it with an admin or staff member so you lost rights gg

If anyone buys a group today why would they want to keep existing graphics anyways.
