hi

That is, a legal subscription and upgrade your account

Apparently, if you purchase a one-month account and it gets removed after just 20 days, it's considered your problem.

Makes you wonder why they offer a one-month plan in the first place.

On top of that, after purchasing the account, it took an entire day before I received the correct one. The first account didn't work, and the second one had the wrong subscription.

Would not recommend.
