Hey, looking to buy a group ASAP. Also searching for an active co-lead—needs to be solid in gaming, especially GameFi. I've been deep in the space since Nov 2023. I know pretty much every game out there, understand the economy behind each one, and I'm well connected. Got a few hundred thousand invested across some of them.

Buy the Olympians (or lease it) if you'd like. Leasing will have the same freedom that ownership would, just without having to spend more money.
