Thread: [AI Mentorship - Experienced - Learn how to fully utilize AI - Code your own software!](#)

AlienSoft - May 17, 2025, 6:34 pm

Alien Software Solutions

I'm offering a specialized AI Mentorship/Guidance Program. This is a monthly subscription service for those interested in advancing their AI security, knowledge, and software creation & coding, and much more with personalized support.

=== PROGRAM OVERVIEW ===

I provide guidance on advanced AI techniques and usage, software and application creation, secure model development, and protection against modern threats. This is a text-based mentorship (no voice/video calls from my end) delivered through your preferred communication channel: Email, Telegram, XMPP, Session or direct PM.

All you need to start is:

□ Minimal technical knowledge (no specific programming language required)

[A genuine desire to learn

[[/i]Approximately \$50-100 for your initial setup costs (development environment, tools, etc.)

=== PRICING TIERS ===

I offer three flexible tiers to match different learning needs:

? FRESHIE TIER: \$49/month

- Access to my knowledge that is dedicated to your specific project.
- Message response time: within 24 hours
- Standard priority messaging support
- Project analysis and feedback (1 per month)
- Only a few

? SCOUT TIER: \$99/month

- Complete access to most of my AI knowledge.
- Message response time: within 24 hours
- Standard priority messaging support
- Project analysis and feedback (1 per month)
- Learning resource recommendations

? EXPLORER TIER: \$249/month (RECOMMENDED)

- All Scout tier benefits
- Message response time: within 24 hours

- Enhanced priority messaging support
- Project analysis and feedback (3 per month)
- Custom learning path creation
- Advanced AI security assessments with feedback

? COMMANDER TIER: \$499/month

- All Explorer tier benefits
- Full Knowledge Available
- Message response time: same day (usually within 12 hours)
- Highest priority messaging support
- Project analysis and feedback (5 per month)
- Custom resource creation for specific challenges
- AI guidance for your specific projects along with project assessment and feedback
- Access to curated advanced resources/knowledge for your specific project(s)

=== WHAT YOU'LL LEARN ===

- Advanced AI security principles and implementation
- Secure model development and deployment practices
- Software and coding development from start to finish
- Custom/Private ways to interact with AI Chat bots for you're specific needs
- Which AI is best for your use case - I have used the majority and can direct you to what will suite your needs the best.
- Protection against adversarial attacks on AI systems
- Model poisoning detection and prevention
- Privacy-preserving machine learning techniques
- Quantum-resistant AI architectures
- Creating Software and Applications of your own needs
- Ability to create your own SLM or LLM tailored for your needs
- Much more - Simply ask if I can help with what you desire

=== MENTORSHIP APPROACH ===

My approach focuses on practical knowledge with:

- Real-world scenarios and case studies
- Practical implementation guidance
- Customized learning path based on your goals
- Regular feedback on your projects and questions
- Curated resources specific to your learning needs

=== PROGRAM STRUCTURE ===

- Initial Assessment: Identifying your current knowledge level and goals
- Custom Learning Path: Tailored to your specific needs
- Ongoing Guidance: Submit questions and receive answers based on your tier's response time
- Project Analysis: Submit your work for detailed feedback (1, 3, or 5 per month depending on tier)

□Progress Tracking: Regular check-ins to measure your growth
□Continuous Learning: Access to resource recommendations
=== FREQUENTLY ASKED QUESTIONS ===

Q: Who is this mentorship program for?

A: Anyone interested in enhancing their AI skills and knowledge including but not limited to incorporating Machine Learning, Neural Networking, Self-Managed SLM and LLM creating and AI Integration with existing code/software along with a genuine desire to learn. No specific programming language knowledge required, just basic technical understanding.

Q: How is mentorship provided?

A: Entirely through text-based messaging via your preferred platform (Email, Telegram, XMPP, Session, or direct PM). You'll receive answers to questions and feedback on your projects according to your subscription tier's response time. Screenshots and Video Submission and Review Available.

Q: Why cryptocurrency payments only?

A: For enhanced privacy, security, reduced fees, and global accessibility. I can help you set up a wallet if needed.

Q: Is there a minimum commitment period?

A: No, it's a month-to-month subscription with no long-term contract, though 3+ months is recommended for best results.

Q: How much time should I dedicate weekly?

A: Scout tier: 3-7 hours, Explorer tier: 8-15 hours, Commander tier: 15+ hours

=== PAYMENT INFO ===

For security and privacy reasons, I accept cryptocurrency payments only (Bitcoin, Litecoin, Ethereum, Monero, and other major coins). Payment instructions provided after initial consultation.

=== SOME PAST PROJECTS ===

Spoiler ([Click to View](#))

Custom VPN & Client

Encryption Program for Securing Files - Will post image of gui/web panel
(Web Panel Version of File Encryption Protection Service)

File download/format converter - Will post images/web panel

File Scanner w/ GUI - Scan one file or multiple folders with no data collection/sent

Many more!

0/3 Vouch Copies Redeemed - Only very repped and older members will be accepted for this.

=== HOW TO GET STARTED ===

Ready to begin? Toss me a message via my contacts:

- Telegram: Provided upon request via PM
- Tox: Provided upon request via PM
- Email: Provided upon request via PM
- XMPP: alientechsolutions@xmpp.jp
- Session: Provided upon request via PM
- Direct PM on Site

When contacting me, please mention:

[]Which tier you're interested in
[]Your current experience level with AI and security
Your preferred communication method
Looking forward to helping you master AI! [contract=tid]Start Contract[/contract]

Sticky Bot - May 20, 2025, 2:45 am

Hi, I'm Sticky Bot. The owner of this thread has purchased a Paid Sticky. Hack Forums does not get involved in deals or deal disputes. We do not vouch for the product or the service offered by members. Please note that all deals are at your own risk. The sticky will expire on May 27, 2025. If you or a loved one are interested in buying a sticky please visit this page: [Buy Sticky](#). For more information about Paid Stickies you can read our [Help Doc](#).

ohkthxbai - May 25, 2025, 3:25 pm

3 vouch copies left? is it for like a month of the regular plan or?

AlienSoft - May 25, 2025, 6:53 pm

its for a 2 week trial of full mentorship
