Thread: [Buying Amazon NL GCs w crypto](#)

Kify - May 23, 2025, 9:01 am

Buying all legit Amazon.nl giftcards, looking for maybe €1-1.5k worth, I dont mind buying smaller cards though even €5

Can pay in almost any crypto, but preferably SOL/stablecoins on Solana

Middleman costs will be on you incase wanted, otherwise you go first

Drop me a pm or reply if you have some, along with the % you're looking for, thanks!

Been a while since I posted this thread but I'm always ready to buy, even if there's no activity here. Crypto is ready, hmu boys!
