You mean we can claim any username even though its claimed by other users ?

Do you accept MM on deals ?

Do you accept MM on deals ?

This is for 6+ letter non-generic and inactive usernames. It is possible to claim active usernames but it would cost way more. Yes, I accept MM, please DM more details on username you would like to claim.

Will you care to share the price for already claim usernames if i want to claim and whats the success ratio.

What MM you accept ?

What MM you accept ?

It depends on the username and it starts from \$12k+. We can use Zexi or Lavish Living for MM.
