Thread: [I NEED NEW LIVE PANEL WITH OFFICE365 scampage](#)

wirekidd - May 28, 2025, 1:25 pm

I want someone who can create a live panel that will
Host an office365 login page

Features:

- Premium antibots
- Premium firewall detector
- Session keeper
- Cookie Grabber (Might not work everytime but still it have it)
- Live Panel for result management
- Undetected
- Latest 2025 Design
- Auto Update antibots daily basis
- Fast, Secure and send results in encrypted format so you won't be exposed.
- Anonymity is the first priority
- Scalable

All deals are on escrow .. hit me up in private or drop TG link

All what u look for is outdated.

Better take a look into tool which can capture cookies as well so later u can inject them and be logged in back in session without any warns or otp need.
