Thread: [Latest Cyber Security Exam Seller OSCP, OSEP, eJPT, eMAPT, eCPPT, Hack The Box!](#)

heldge - May 30, 2025, 12:21 am

Hello everyone,

I'm excited to share that I am offering the latest and most sought-after cybersecurity certification exams and training materials for a wide range of industry-recognized certifications, including:

Offensive Security Certified Professional (OSCP)

Offensive Security Experienced Penetration Tester (OSEP)

eLearnSecurity Junior Penetration Tester (eJPT)

eLearnSecurity Mobile Application Penetration Tester (eMAPT)

eLearnSecurity Certified Professional Penetration Tester (eCPPT)

Hack The Box labs and challenges

And many more!

Why choose these certifications?

OSCP & OSEP: Highly respected for practical, hands-on penetration testing skills with real-world scenarios, especially OSCP, which is widely recognized in the industry.

eJPT & eCPPT: Great for beginners and intermediate learners, offering structured learning paths and realistic labs. eCPPT is praised for its detailed reporting and practical approach, making it a solid stepping stone to OSCP.

eMAPT: Focuses on mobile app security, a growing and critical area in cybersecurity.

Hack The Box: Provides practical, gamified challenges to sharpen your skills in a hands-on environment.

What I offer:

Latest exam vouchers and training materials

Study guides and lab environments

Personalized support and tips for passing the exams

Competitive pricing and flexible packages
