Thread: [Official Group For Sale - Ethereum \(SOLD\)](#)

Dredd - June 1, 2025, 3:13 am

I didn't plan to sell this anytime soon, but with everything going on in my life, I don't have the time to invest in what this group needs.

What's Included:

- base group
- 2 sub forums
- Branding (included in the sale—do with them as you like!)

Price:

Looking for \$3,000, but I'm open to negotiation.

Conditions:

As usual, you'll need to be approved by Omni.

Depending on the final price, I'll cover the \$250 transfer fee to Omni.

Hopefully, someone can take this on and turn it into something great!

It's too late, you're already embarrassed.

Don't you have complaining to go do?

It got rebranded to "The Academy" but is still for sale?
Or it got sold and then got rebranded to "The Academy"?
