Welcome aboard,

I'm selling intelligence data.
Can be for personal or professional research.

I have access to multiple sensitive data and government data.
It's not limited to US Citizen, data can touch almost any citizen around the world, but mostly American and European citizen, combined with advanced OSINT.

Q- What kinds of data can you get ?

A- You can get one or multiples information like :

- Surname / Realname / all names
- Physical address
- Phone numbers
- One or multiple email address linked
- Password or multiple password (can be old passwords or current password)
- Social accounts
- Private information
- Crypto related
- Compagny sensitive data (Only for professional option)
- And more...

If I don't find more information than what you provided, you will get a full refund.

If you're not satisfied with data retrieved, we can check together why you're not satisfied and get a refund if the data provided is indeed insufficient.

Pricing :

- 55\$ for personal research
- For professional request, the price will be determined according to your need.

Only using BTC atm.
