Premium Google Ads Accounts for High-Impact Campaigns

Looking to launch high-converting ad campaigns without the hassle of verification or account setup? We've got exactly what you need.

Introducing our Pre-Verified Google Ads Accounts — professionally farmed, IBAN-attached, and ready to spend up to \$500 per account. These accounts are built for advertisers and media buyers who need fast, compliant, and scalable ad infrastructure.

Price: \$200

Payment: LTC,BTC,XMR

? Key Features:

? IBAN-Verified Billing Profile

Each account comes pre-loaded with a valid IBAN-based payment profile — fully verified and ready to go live.

? \$500 Spend Limit (Non-Reloadable)

Ideal for testing, short-term scaling, or high-risk campaigns. Each account allows one-time spending of up to \$500.

? 14+ Days Manual Farming

Organically aged and warmed up to ensure trust and stability with Google's ad systems.

? Advertiser Verification Passed

No need to worry about compliance — these accounts are verified and eligible to run ads immediately.

? What You Receive:

Full account access

Backup email + 2FA setup

Cookies (.json) + Octo Browser config

SOCKS5 Residential Proxy info

Account info file with all credentials

Supporting ID documents for backup

? Perfect For:

Agencies & freelancers scaling ad operations

Dropshipping & lead-gen campaigns

Affiliate marketing setups

High-risk or short-cycle ad testing

? Note: These accounts are non-reloadable — once the \$500 spend cap is reached, they are not reusable for additional funds.

Ready to scale without limits?

That's what I'm selling here

And for BH stuff you need to have your cloaker ready before using it with GAds

When you mentioned this ready to spend up to \$500 per account means this is threshold limit we can use upto \$500 per account?

Do you provide croaker also ?

Do you provide complete support to create / run High risk ads using cloaker ?

Let me know because i am highly interested for that for long term
