Thread: [Looking to Expand Your Business to Europe?](#)

Goat - June 11, 2025, 7:25 am

Hi everyone,

Do you run a business—whether it's online or local—and are interested to expand into the European market? If so, I might be the right person to help you.

I have a strong local network and a solid customer base, and I almost solve anything. Whether you're selling digital services, electronics, physical products, or something more niche, I can assist you in growing your income.

If you're serious about taking your business to the next level in Europe, feel free to reach out and let's discuss how we can work together. Even if it's fully legal or somehow greyhat.

Cheers,
Goat

I already run one in Europe, but maybe expanding my customer base.

Might hit you up. What's your percentage?
