DoJ Seizes 145 Domains Tied to BidenCash Carding Marketplace in Global Takedown

The U.S. Department of Justice (DoJ) on Wednesday announced the seizure of cryptocurrency funds and about 145 clearnet and dark web domains associated with an illicit carding marketplace called BidenCash.

"The operators of the BidenCash marketplace use the platform to simplify the process of buying and selling stolen credit cards and associated personal information," the DoJ said. "BidenCash
