I've placed an order for CchatGPT. Will provide a feedback once it is completed. Payment made. Please assist. Thanks

TizRo - April 25, 2026, 9:25 am

Placed an order but it has been over 24 hours without a response to order.

BMWi - April 27, 2026, 10:48 am

My friend, please have the courtesy to respond. Your Discord and Telegram have both been quiet. It's been three days since the payment, with no progress or updates. You only sent one message asking for a token, and then completely disappeared. Very disappointed.

Stanley - April 28, 2026, 8:34 am

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Sorry to say but had to start the refund process as seller has provided no feedback, no response on telegram, discord or via email. Wouldnt recommend dealing with the seller at all.

Hey, we're currently experiencing a high volume of tickets, so response times may be a bit slower than usual. We'll get to your request as soon as we can and appreciate your patience.

Any idea how long this is going to take? I'm waiting since 5 days already..

anatho - May 2, 2026, 3:53 pm

Really not recommended at all. Seller takes ages to respond and centuries to deliver. Still did not get anything. They excuse this behaviour with having so many tickets to respond to, however, they are not online for days so maybe they think they can solve tickets offline which is not possible at all. Also it looks like their team is unorganized as hell, they link you back and forth to other persons that either never respond or don't do what they have been asked to do.
