Thread: [I Get 100K+ Views Per TikTok Best Ways to Monetize?](#)

AbduSako - June 17, 2025, 1:26 pm

Hey all,

I've built a TikTok account that consistently pulls 100K+ views per video, and I'm ready to start monetizing it.

What are the best ways to make money from this?

Affiliate links in bio (what kind work best?)

Link-in-bio tools (Linktree, Beacons, Stan Store?)

Sponsored posts (how do I price and find brands?)

Selling my own products or digital content?

Any tips, affiliate programs, or mistakes to avoid would be super helpful. Appreciate it!

100k+ I can't imagine doesn't come with followers and it only takes 1000 to go live or something like that.

Anyways yeah, would need to know the niche. If you want real help with this and don't want it to be out there just dm me. I can help.

The niche is News. I have approximately 25k followers, but the views are rampant, and the followers are also increasing fast.

What affiliate website do you recommend?
