"More you invest the more you get" and Western Union payments. Sure doesn't smell like a scam.

Western union payments??

Explain yo self. Title and post contradict homie. Investment or no investment needed ?

No offence to OP but take a look at his past post, threads & repuation. You'll clearly see what this really is.

In the title you say that you don't need to invest, in the description you say that you do!
What's correct?

markou2255 - June 19, 2025, 7:43 am

YOU DONT NEED TO INVEST

Why post "the more you invest the more you get", what do you mean by that?

Messaged him thinking maybe there's something worth investing in. Asked simple stuff, how do I trust you, is this even real, got any proof? His plan? Buy him phones from Alibaba, ship to Croatia, and just 'trust' that he'll flip them and send me profits later. What could possibly go wrong?

If you're seriously looking for real investors, be transparent. Show legit proof, clear details, and agree to something fair.. like sending the promised profit share to Zexi (MM) upfront. That way, if you vanish after getting the phones, at least the MM can pay back from what he's holding.

Seems like he found a hyper niche demand that he wanted to supply but struggles to work with alibaba, seems logical but trust wise eh
