Ethereum Price Prediction As ETH Continues to Fall Behind Bitcoin in June 2025

Ethereum (ETH) has gone down by 14.5% in the past week as rising tensions in the Middle East have sparked a strong sell-off that has now pushed the token to the low 2,000s. The United States bombed nuclear enrichment facilities in Iran during the weekend and a new chapter in this armed conflict between Israel and [...]

I gotcha' definitely will be a great addition.

Stanley getting upgrades, love to see it.
