This completed my first row on Hackforums, and who would of known that so many rows would soon follow in future years.

Second natural row:

[#7] Money Money I paid \$70 for this award that was purchasable for \$50 because I tried to get an Emerald Donator (\$20) at the same time, and sent the funds to the same address. I told Omni about this, and he basically told me "that sucks" and left it at that. [\$70]

Spoiler ([Click to View](#))

[#8] Cheap Skate I purchased this award because it was cheap, and at the time I didn't have a lot of money to blow. [\$15]

Spoiler ([Click to View](#))

[#12] Pint "Octoberfest 2022 Pint" I can't remember where I got this award from. I believe that it was gifted to me by a member.

These awards completed my second row on Hackforums.

Third natural row:

[#13] Lounge Head While going for my 2022 pumpkin I managed to knock out #500 posts in 30 days in the lounge to earn this Mr. Potato Head award.

[#14] Dicey This award took me longer than others that I've seen.

Thanks to [Cap](#) who gave me a great deal on purchasing these awards for me from his thread here,
<https://hackforums.net/showthread.php?tid=6228384>

These awards completed my third row on Hackforums.

Fourth natural row:

[#19] Xmas 2022 Ornament 2

[#20] Xmas 2022 Ornament 1

[#21] Xmas 2022 Ornament 3

These three awards were from a lucky post in December of 2022 when there was a posting award incentive throughout the month.

[#22] Gift "2022 Xmas Gift" [Dripstur](#) gifted this to me for 10,000 bytes as well as other members.
Thank you so much for being so generous!
<https://hackforums.net/showthread.php?tid=6229709>

[#23] Legend "Now your life is complete."

I remember the day that I got this award. I was so ridiculously excited to be granted this by Omni. He came into convo one night, and I was talking about League of Legends. I've no-lifed the game for

well over a decade. He must of been in a good mood because he granted it to me, and it was like a late Christmas present.

[#24] Everyday Ninja "You're a daily ninja for checking into HF 100 days in a row."

When the daily-check-in existed still this award took me AGES to get. I kept failing over and over, and at one point was at around %95 and got banned by Omni for three days. I probably did something stupid and deserved it. I had to start over, and ended up getting the award on my birthday.

These awards completed my fourth row on Hackforums.

Fifth natural row:

[#25] Bytes Bag "Bytes Holder" I was addicted to flipping, and simply purchasing the award was difficult for me. I'm still thankful that I got the award for the price I did. Originally when Omni had posted the thread he said "Price will continue to go up periodically". I still believe the Bytes Bag should be worth around 35-50k now.

<https://hackforums.net/showthread.php?tid=6232350>

[#26] Cup of Joe "A cup of joe everyday." @Nintendo 64@ gifted me this award as well. More than likely because I was carrying him in ranked games on League at the time... Just kidding. He's the best Udyr/Volibear JG I've ever played with.

[#27] Ace of Spades "You hit the jackpot and won 2294 Bytes." @Nintendo 64@ gifted me this award. Thanks Nintendo, you goober. <3

[#28] Top Banana [Pentatonix](#) gifted me this award because he probably felt bad I never got the cool sunglasses that [theDuke](#) and [Envy](#) got for hosting The Gold Standard giveaway. Thanks a lot for being so generous. To be frank, I didn't do good as a leader of his group. I wasn't ready for the responsibility at the time, and should of been more upfront.

Spoiler ([Click to View](#))

[#29] Gift 2023 "Scratchcard Bonus" BOGO scratch card sale. \$100+ got me a free gift box. [\$100]
Spoiler ([Click to View](#))

<https://hackforums.net/showthread.php?tid=6257317>

[#30] Gold Coins Omni hosted a custom award sale, and [Biggy](#) got together with [DemonAsylum](#) [Almonds](#) [?LEEP](#) and I to pool money together and make this one of a kind unique custom award symbolizing our love for Runescape. [\$100 for my one custom grant]

<https://hackforums.net/showthread.php?tid=6256973>

These awards completed my fifth row on Hackforums.

Sixth natural row:

[#31] Rich Bitch I purchased this award for \$50. I had always wanted to be a Rich bitch because it was a nostalgic award from LONG ago. [\$50]

Spoiler ([Click to View](#))

[#32] Sports Book "Bet 100k Bytes in our Sportsbook in a 30 day period." This award took me longer than expected to get. Most likely because I always flipped all my bytes away before I could try my luck on Sports Book. [\$250]
Spoiler ([Click to View](#))

[#33] Bitcoinage In commemoration of Bitcoin halving on April 19, 2024 Omni hosted a sale for the Bitcoinage. [\$125]
<https://hackforums.net/showthread.php?tid=6268948>

[#34] Dog Lover "For Rosco." Out of love for my best friend. [\$XX]

[#35] Emerald Donator [\$20]

[#36] Independence Egg [\$25]

Someone had at the time taught me a sneaky trick to purchase awards that weren't rotated. I do not recommend trying this because if you are not successful then you are shit out of luck.
Spoiler ([Click to View](#))

These awards completed my sixth row on Hackforums.

Seventh natural row:

[#37] Octoberfest 2024 "600 posts and 30 threads created in October 2024" Yet again I camped out in lounge and got this sweet looking pumpkin.

[#38] Maga's of the Universe! "MAGA 2024" In honor of Donald Trump being elected the 47th POTUS Omni had a flash sale on this sweet award created by [NERO](#) [Bundle deal \$500]
<https://hackforums.net/showthread.php?tid=6284151>

[#39] Omners "Down with the crew." [Bundle deal \$500]

[#40] FPS Gawd "A true FPS gamer Gawd!" [Bundle deal \$500]

[#41] The Plug "Plugged into HF" One of the best looking custom awards on the forum. Cost me a good penny too, but I was happy to support Scrub and be a Plug. [\$350]

[#42] DaBomb "You've shown up for the party." I was lucky enough to be granted this elite award along with my purchase of MD.

\$100 for the MAGA was a steal, and anyone that got the chance to get their hands on it was extremely lucky. At the time I was committing to starting to ramp up my award purchases, and quickly. I made a three award bundle deal with Omni to secure two other awards that I had set my sights on long ago. In total this cost me a good chunk.

These awards completed my seventh row on Hackforums.

Eighth natural row:

[#43] Master Donator This award was among one of the prestigious that I wanted to add to rapidly growing collection. [\$500]

[#44] Drunk "Whistlepig is delicious." I caught Omni at a time when he needed to re-up on some Whiskey because all his buddies probably drank his stuff. I was fortunate to buy him a bottle of WhistlePig SmokeStock Wood Fired Whiskey for this unique grant. [\$200]

[#45] Etheraist [\$50]

[#46] Litcoinage [\$50]

[#47] Solana [\$50]

I approached Omni and no doubt caught him on a good day. He let me pick up these sweet crypto awards for a cheap. I didn't want my Bitcoinage to be so lonely.

[#48] Mister Peeks Omni hosted a Custom Award sale and I purchased 5 grants. [\$500]
<https://hackforums.net/showthread.php?tid=6285590>

These awards completed my eighth row on Hackforums.

Ninth natural row:

[#49] Sox's Sox I traded a COD Zombies Mister Peeks to the one and only Sox.

[#50] Ruby Heart Master Donator "Heart of a Master" At this point my donations to the community were only getting bigger. If I wanted specific awards then I would approach the boss himself and try to barter a deal. Some deals go how you would hope for them to, and others you're at the mercy of Omni.

[#51] Heart of HF "Generous donations."

[#52] Benefactor "You've shown your value to HF."

[#53] Ninja "Sneaky and stealthy."

[#54] Hustler "Making your dreams come true through the hustle."

This row of awards cost me a good amount of money. [\$XXXX]

As you can see I was diving deep into my contributions to the community. Not only did I completely commit to Hackforums as a whole, but I appreciated the time I had spent here. Hackforums has been a pivotal point in my life in the recent years and if it wasn't for most of the members in this community I may not be alive today. I struggled with substance abuse for years, and it was through a lot of support from family, friends, and members of this forum that helped me change my life around. I wanted to be able to show my appreciation to the community, and also to [Omniscient](#) himself.

As we get deeper into my large donations. I'm not going to disclose them at this time. It's safe to

say that this ninth row cost me some money.

These awards completed my ninth row on Hackforums.

Tenth natural row:

[#55] Spy "And who are you spying on today?" [Bundle deal from previous row, \$XXXX]

[#56] Gift in Yellow Box "Cyber Monday 2024" Another awesome BOGO scratch card hosted by the creator himself. [\$100]

Spoiler ([Click to View](#))

<https://hackforums.net/showthread.php?tid=6285855>

[#57] Troll "We troll you way too much." One of the more unique custom grants created by [illuminati?](#) during a custom award sale.

[#58] Purple Gift "Merry Xmas 2024" [Bundle deal \$500]

[#59] Blue Gift "Merry Xmas 2024" [Bundle deal \$500]

[#60] Green Gift "Merry Xmas 2024" [Bundle deal \$500]

I approached Omni at the end of his BOGO sale for his Cyber Monday 2024 sale with the intention of completing a row of gift boxes. I tried to talk him into a better deal for myself, and didn't get it. You miss 100% of the shots you don't take though. All in all I got some scratchcards that I lost my ass on and got to complete my row of gift boxes.

These awards completed my tenth row on Hackforums.

Eleventh natural row:

[#61] Pulse Controller I swapped Chrome a Mister Peeks for this. One of the cooler looking customs on the forum. I believe [Motusora](#) created this too. He will be the person I approach when I need another custom made.

[#62] Golden Fleur-De-Lis [Z](#) granted me this award. I appreciate all that you have contributed to the site.

[#63] Xmas Ornament 2024 "250 posts and 25 threads created in December 2024" You know how I got this award already. I went camping in the lounge.

[#64] G.O.A.T "7 Grants you a GOAT" [Z](#) once again showed out for me, and granted me a G.O.A.T as a birthday gift. Thank you so much for your hospitality and generosity.

[#65] Astropink "Keeping The Cosmos Pink" The original Alien award on the forum is one of the coolest ones I know. I am so grateful [N](#) allowed me to make a swap for Mister Peeks [N](#) you are a true day one.

[#66] Diamond "Adding value to HF everyday." No doubt one of the most prestigious awards on the forum. The AWID is #1 for a reason. Omni was fed up with crews, and wanted to get rid of them. I owned a crew at the time. I no longer owned a crew, and a deal was made. This is the ballpark range of what the crew cost. [\$200]

These awards completed my eleventh row on Hackforums.

Twelfth natural row:

[#67] White Hat Helper "Always trying his best for HF." Debatably the most prestigious award on the forum. I do not want to get into this one too much because it is a sensitive subject. Omni was not happy with me at the time because of some group stuff that happened. I did not expect to get this award back, and I appreciate it from the bottom of my heart. It is such a special award to me. Although I'm not the most knowledgeable member on the forum about anything in particular.. I'm loyal, and want the best for the community.

[#68] Cool "Who's cooler than Jcole?" Lets just say.. It is safe to say that Omni likes his whiskey. [\$XXX]

[#69] Holy Leaf "Happy Easter on 4/20 2025" [Tor](#) came up with this cool award on Easter that also fell on 4/20. Easter won't fall on 4/20 again until the year 2087. Very special day and more special to be able to pick up a Legalize It award themed Easter. [\$42]

Spoiler ([Click to View](#))

<https://hackforums.net/showthread.php?tid=6296592>

[#70] Flip Reaper "Won 10 straight days of coin flips." This took me longer than expected. I was out of town traveling for work, and missed a day. I thought I was going to be one of the first. Still happy to be able to have gotten it. <https://hackforums.net/showthread.php?tid=6295645>

[#71] HF 18 Cake "HF 18th Birthday Cake" Hackforums just turned of legal age and is now an adult. <https://hackforums.net/showthread.php?tid=6296987> [18,000 Bytes]

[#72] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale Omni hosted another scratchcards sale and as an added bonus for every \$100 spent you got a gift box. [\$100]

<https://hackforums.net/showthread.php?tid=6299443>

These awards completed my twelfth natural row on Hackforums.

Thirteenth natural row:

Knowing that this might be the only time I can take advantage of the "every \$100 invoice gets an award" sale, I jumped right in. I thought long and hard about what I wanted, and how I would intend on executing. I approached Omni with a goal set, and he allowed me to complete FOUR rows of gift boxes. I knew that near the end of my scratchcard purchases that he probably thought I would hit the 1M Bytes jackpot. Unfortunately, I never did though. I'm still upset about that. There is always next time though.

[#73] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#74] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#75] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#76] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#77] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#78] The Alien "Not everyone can be a special alien like you." I needed the OG Alien to partner with my Astropink. I figured if there was ever an appropriate time to get something then it would be when you're about to spend some money.

These awards completed my thirteenth natural row on Hackforums.

Fourteenth natural row:

[#79] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#80] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#81] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#82] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#83] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#84] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#85] Green Gift "June 2025 Scratchcard Bonus" [\$100]

These awards completed my fourteenth natural row on Hackforums.

Fifteenth natural row:

[#86] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#87] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#88] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#89] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#90] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#91] K1NG "Always a generous King of HF." [[\$200]

At this point in time Omni was probably fed up because I was already pushing the limits on his

BOGO sale. I wanted to secure one more row of Gifts and he was willing to do it for \$800 this time. I asked him if he would throw in the K1NG award because I've always wanted it, and at this time any award I could get my hands on I wanted. I'm surprised I don't have the Award Whore because it definitely looks like I am one.

These awards completed my fifteenth natural row on Hackforums.

Sixteenth natural row:

[#92] Gift "June 2025 Scratchcard Bonus" [\$100]

[#93] Gift "June 2025 Scratchcard Bonus" [\$100]

[#94] Gift "June 2025 Scratchcard Bonus" [\$100]

[#95] Gift "June 2025 Scratchcard Bonus" [\$100]

[#96] Gift "June 2025 Scratchcard Bonus" [\$100]

[#97] Gift "June 2025 Scratchcard Bonus" [\$100]

These awards completed my sixteenth natural row on Hackforums.

At this stage in my hunt for awards I started to think seriously about what I wanted. I thought about it for a week and came to Omni with a proposal for a long list of awards that I wanted to scratch off my bucket list. I knew it wasn't going to be cheap. I remember seeing [sharn](#) had picked up FOURTEEN awards that day. I thought it might be an appropriate time for me to approach Omni in hopes of striking a deal.

Bundled awards:

Seventeenth natural row:

[#98] Star "HF's super star!" [Bundled deal \$XXXX]

[#99] Grey Star Bundle deal [\$XXXX]

[#100] Green Star [Bundled deal \$XXXX]

[#101] Red Star [Bundled deal \$XXXX]

[#102] Blue Star [Bundled deal \$XXXX]

[#103] Gold Star [Bundled deal \$XXXX]

These awards completed my seventeenth natural row on Hackforums.

Eighteenth natural row:

[#104] Royalty "I dub the Prince Jcole!" To become a member of the Royal HF family is something that I had always aspired to do. Through my donations, contributions, and time spent on the forum I was able to achieve this. [Bundled deal \$XXXX]

[#105] Grand Amethyst "Thank you for all your support through the years." The elite GA. The best looking diamond on the platform, and one of the most rare. I told myself that I wanted to get a GA, but the time had to be right. [Bundled deal \$XXXX]

[#106] Cyber Diamond "This donation was generous of you." I needed the Cyber Diamond to complete a row of diamonds. I could of purchased the \$75 one through the buy page at the time, but I knew this particular diamond stands out amongst all others. [Bundled deal \$XXXX]

[#107] Heart of HF "For every donation you've touched HF's heart." I needed another Heart of HF to complete a row of hearts. Dyne is no longer around, and the chance of getting his Blackened Heart Gem just wasn't practical. If he was still on the forum then I wouldn't of been eligible to get one anyways. [Bundled deal \$XXXX]

[#108] Dynamite "Boom Boom Boom!" [Bundled deal \$XXXX]

[#109] Shining Knight "You've just rescued another member from the dragon." [Bundled deal \$XXXX]

These awards completed my eighteenth natural row on Hackforums.

Nineteenth natural row:

[#110] The Protector "Protection of others award." I've tried my best to be a protector for members new and old on the forum. I felt this was a worthy award to remind myself of the goals and expectations I set for myself in the community. [Bundled deal \$XXXX]

[#111] Dstat Power God "Power, Power, POWER!!!" I wanted this award to remind me of all the years we spent using Cain and Abel and booting people offline on Xbox Live. [Bundled deal \$XXXX]

[#112] Grammar Nazi "You do have excellent grammar." [Bundled deal \$XXXX]

[#113] Gold Medal "Nonstop achievements." Omni granted me this because I had asked him if I had done anything noteworthy. Originally I thought about receiving a Silver Medal, but was more than happy to have gotten a Gold Medal.

[#114] America "Independence Day 2025" [\$25]

[#115] America "Independence Day 2025" [\$25]

These awards completed my nineteenth natural row on Hackforums.

Twentieth natural row:

[#116] America "Independence Day 2025" [\$25]

[#117] America "Independence Day 2025" [\$25]

I just picked these new ones up to show my support and love for my country, USA. There is still an ongoing sale if you would like to get one for yourself too. Omni has recently rotated the purchasable awards as well. You have a chance to buy awards that haven't been available for years.

<https://hackforums.net/buyawards.php> [OVER - JULY 4 2025 EVENT]

[#118] Octoberfest 2025 "Octoberfest 2025" [EARNED]

[#119] Lucky "Octoberfest 2025" [Octoberfest prize winner]

[#120] Gaming Shooter 2025 "Happy New Year 2026" [Gifted by [7](#) this award. Thank you for all your contributions to the community.]

These awards helped me reach my twentieth natural row on Hackforums.

Through my time here on the forum I have grown as a person in life, and as a member on the forum.

I have made many friends through this community, and lost others too. Whether you come here to reminisce with your buddies from the past or you are a new member who has never heard of Hackforums just remember that you are welcome.

There is countless members who will go out of their way to help you if you need assistance.

Hackforums is much more to me than a MyBB forum. It has become a piece of history for my life.

I miss the friends that are gone, and will always remember them.

As Hackforums evolves over time so must we as members.

FPS Gawd has always been a sought after award for us gamers.. Mister Peeks is my custom award, and I've always thought it was so ugly. I love the meaning behind it, but wish I would of got better graphics made.

[#23] Legend "Now your life is complete."

I remember the day that I got this award. I was so ridiculously excited to be granted this by Omni. He came into convo one night, and I was talking about League of Legends. I've no-lifed the game for well over a decade. He must of been in a good mood because he granted it to me, and it was like a late Christmas present.

[#24] Everyday Ninja "You're a daily ninja for checking into HF 100 days in a row."

When the daily-check-in existed still this award took me AGES to get. I kept failing over and over, and at one point was at around %95 and got banned by Omni for three days. I probably did something stupid and deserved it. I had to start over, and ended up getting the award on my birthday.

These awards completed my fourth row on Hackforums.

Fifth natural row:

[#25] Bytes Bag "Bytes Holder" I was addicted to flipping, and simply purchasing the award was difficult for me. I'm still thankful that I got the award for the price I did. Originally when Omni had posted the thread he said "Price will continue to go up periodically". I still believe the Bytes Bag should be worth around 35-50k now.

[#26] Cup of Joe "A cup of joe everyday." @Nintendo 64@ gifted me this award as well. More than likely because I was carrying him in ranked games on League at the time... Just kidding. He's the best Udyr/Volibear JG I've ever played with.

[#27] Ace of Spades "You hit the jackpot and won 2294 Bytes." @Nintendo 64@ gifted me this award. Thanks Nintendo, you goober. <3

[#28] Top Banana [Pentatonix](#) gifted me this award because he probably felt bad I never got the cool sunglasses that [theDuke](#) and [Envy](#) got for hosting The Gold Standard giveaway. Thanks a lot for being so generous. To be frank, I didn't do good as a leader of his group. I wasn't ready for the responsibility at the time, and should of been more upfront.

[#30] Gold Coins Omni hosted a custom award sale, and [Biggy](#) got together with [DemonAsylum](#) [Almonds](#) [?LEEP](#) and I to pool money together and make this one of a kind unique custom award symbolizing our love for Runescape. [\$100 for my one custom grant]

<https://hackforums.net/showthread.php?tid=6256973>

These awards completed my fifth row on Hackforums.

Sixth natural row:

[#31] Rich Bitch I purchased this award for \$50. I had always wanted to be a Rich bitch because it

was a nostalgic award from LONG ago. [\$50]

Spoiler ([Click to View](#))

[#32] Sports Book "Bet 100k Bytes in our Sportsbook in a 30 day period." This award took me longer than expected to get. Most likely because I always flipped all my bytes away before I could try my luck on Sports Book.

Spoiler ([Click to View](#)) [\$250]

[#33] Bitcoinage In commemoration of Bitcoin halving on April 19, 2024 Omni hosted a sale for the Bitcoinage. [\$125]

[[b]#34[/b]] Dog Lover "For Rosco." Out of love for my best friend. [\$XX]

[#35] Emerald Donator [\$20]

[#36] Independence Egg [\$25]

Someone had at the time taught me a sneaky trick to purchase awards that weren't rotated. I do not recommend trying this because if you are not successful then you are shit out of luck.

Spoiler ([Click to View](#))

These awards completed my sixth row on Hackforums.

Seventh natural row:

[#37] Octoberfest 2024 "600 posts and 30 threads created in October 2024" Yet again I camped out in lounge and got this sweet looking pumpkin.

[#38] Maga's of the Universe! "MAGA 2024" In honor of Donald Trump being elected the 47th POTUS Omni had a flash sale on this sweet award created by [NERO](#)

<https://hackforums.net/showthread.php?tid=6284151>

[#39] Omners "Down with the crew."

[#40] FPS Gawd "A true FPS gamer Gawd!"

[#41] The Plug "Plugged into HF" One of the best looking custom awards on the forum. Cost me a good penny too, but I was happy to support Scrub and be a Plug. [\$350]

[#42] DaBomb "You've shown up for the party." I was lucky enough to be granted this elite award along with my purchase of MD.

\$100 for the MAGA was a steal, and anyone that got the chance to get their hands on it was extremely lucky. At the time I was committing to starting to ramp up my award purchases, and quickly. I made a three award bundle deal with Omni to secure two other awards that I had set my sights on long ago. In total this cost me a good chunk. [\$500]

These awards completed my seventh row on Hackforums.

Eighth natural row:

[#43] Master Donator This award was among one of the prestigious that I wanted to add to rapidly growing collection. [\$500]

[#44] Drunk "Whistlepig is delicious." I caught Omni at a time when he needed to re-up on some Whiskey because all his buddies probably drank his stuff. I was fortunate to buy him a bottle of WhistlePig SmokeStock Wood Fired Whiskey for this unique grant. [\$200]

[#45] Etheraist [\$50]

[#46] Litcoinage [\$50]

[#47] Solana [\$50]

I approached Omni and no doubt caught him on a good day. He let me pick up these sweet crypto awards for a cheap. I didn't want my Bitcoinage to be so lonely.

[#48] Mister Peeks Omni hosted a Custom Award sale and I purchased 5 grants. [\$500]
<https://hackforums.net/showthread.php?tid=6285590>

These awards completed my eighth row on Hackforums.

Ninth natural row:

[#49] Sox's Sox I traded a COD Zombies Mister Peeks to the one and only Sox.

[#50] Ruby Heart Master Donator "Heart of a Master" At this point my donations to the community were only getting bigger. If I wanted specific awards then I would approach the boss himself and try to barter a deal. Some deals go how you would hope for them to, and others you're at the mercy of Omni.

[#51] Heart of HF "Generous donations."

[#52] Benefactor "You've shown your value to HF."

[#53] Ninja "Sneaky and stealthy."

[#54] Hustler "Making your dreams come true through the hustle."

This row of awards cost me a good amount of money. [\$XXXX]

As you can see I was diving deep into my contributions to the community. Not only did I completely commit to Hackforums as a whole, but I appreciated the time I had spent here. Hackforums has been a pivotal point in my life in the recent years and if it wasn't for most of the members in this community I may not be alive today. I struggled with substance abuse for years, and it was through a lot of support from family, friends, and members of this forum that helped me change my life around. I wanted to be able to show my appreciation to the community, and also to [Omniscient](#)

himself.

As we get deeper into my large donations. I'm not going to disclose them at this time. It's safe to say that this ninth row cost me some money.

These awards completed my ninth row on Hackforums.

Tenth natural row:

[#55] Spy "And who are you spying on today?" [Bundle deal from previous row, \$XXXX]

[#56] Gift in Yellow Box "Cyber Monday 2024" Another awesome BOGO scratch card hosted by the creator himself. [\$100]

Spoiler ([Click to View](#))

<https://hackforums.net/showthread.php?tid=6285855>

[#57] Troll "We troll you way too much." One of the more unique custom grants created by [illuminati?](#) during a custom award sale.

[#58] Purple Gift "Merry Xmas 2024"

[#59] Blue Gift "Merry Xmas 2024"

[#60] Green Gift "Merry Xmas 2024"

I approached Omni at the end of his BOGO sale for his Cyber Monday 2024 sale with the intention of completing a row of gift boxes. I tried to talk him into a better deal for myself, and didn't get it. You miss 100% of the shots you don't take though. All in all I got some scratchcards that I lost my ass on and got to complete my row of gift boxes. [\$500]

These awards completed my tenth row on Hackforums.

Eleventh natural row:

[#61] Pulse Controller I swapped Chrome a Mister Peeks for this. One of the cooler looking customs on the forum. I believe [Motusora](#) created this too. He will be the person I approach when I need another custom made.

[#62] Golden Fleur-De-Lis [7](#) granted me this award. I appreciate all that you have contributed to the site.

[#63] Xmas Ornament 2024 "250 posts and 25 threads created in December 2024" You know how I got this award already. I went camping in the lounge.

[#64] G.O.A.T "7 Grants you a GOAT" [7](#) once again showed out for me, and granted me a G.O.A.T as a birthday gift. Thank you so much for your hospitality and generosity.

[#65] Astropink "Keeping The Cosmos Pink" The original Alien award on the forum is one of the coolest ones I know. I am so grateful [N](#) allowed me to make a swap for Mister Peeks [N](#) you are a

true day one.

[#66] Diamond "Adding value to HF everyday." No doubt one of the most prestigious awards on the forum. The AWID is #1 for a reason. Omni was fed up with crews, and wanted to get rid of them. I owned a crew at the time. I no longer owned a crew, and a deal was made. This is the ballpark range of what the crew cost. [\$200]

These awards completed my eleventh row on Hackforums.

Twelfth natural row:

[#67] White Hat Helper "Always trying his best for HF." Debatably the most prestigious award on the forum. I do not want to get into this one to much because it is a sensitive subject. Omni was not happy with me at the time because of some group stuff that happened. I did not expect to get this award back, and I appreciate it from the bottom of my heart. It is such a special award to me. Although I'm not the most knowledgeable member on the forum about anything in particular.. I'm loyal, and want the best for the community.

[#68] Cool "Who's cooler than Jcole?" Lets just say.. It is safe to say that Omni likes his whiskey. [\$XXX]

[#69] Holy Leaf "Happy Easter on 4/20 2025" [Tor](#) came up with this cool award on Easter that also fell on 4/20. Easter won't fall on 4/20 again until the year 2087. Very special day and more special to be able to pick up a Legalize It award themed Easter. [\$42]

[#70] Flip Reaper "Won 10 straight days of coin flips." This took me longer than expected. I was out of town traveling for work, and missed a day. I thought I was going to be one of the first. Still happy to be able to have gotten it. <https://hackforums.net/showthread.php?tid=6295645>

[#71] HF 18 Cake "HF 18th Birthday Cake" Hackforums just turned of legal age and is now an adult. <https://hackforums.net/showthread.php?tid=6296987> [18,000 Bytes]

[#72] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale Omni hosted another scatchcards sale and as an added bonus for every \$100 spent you got a gift box. [\$100]

<https://hackforums.net/showthread.php?tid=6299443>

These awards completed my twelfth natural row on Hackforums.

Thirteenth natural row:

Knowing that this might be the only time I can take advantage of the "every \$100 invoice gets an award" sale, I jumped right in. I thought long and hard about what I wanted, and how I would intend on executing. I approached Omni with a goal set, and he allowed me to complete FOUR rows of gift boxes. I knew that near the end of my scratchcard purchases that he probably thought I would hit the 1M Bytes jackpot. Unfortunately, I never did though. I'm still upset about that. There is always next time though.

[#73] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#74] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#75] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#76] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#77] Purple Gift "June 2025 Scratchcard Bonus" BOGO scratchcard sale [\$100]

[#78] The Alien "Not everyone can be a special alien like you." I needed the OG Alien to partner with my Astropink. I figured if there was ever an appropriate time to get something then it would be when you're about to spend some money.

These awards completed my thirteenth natural row on Hackforums.

Fourteenth natural row:

[#79] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#80] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#81] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#82] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#83] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#84] Blue Gift "June 2025 Scratchcard Bonus" [\$100]

[#85] Green Gift "June 2025 Scratchcard Bonus" [\$100]

These awards completed my fourteenth natural row on Hackforums.

Fifteenth natural row:

[#86] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#87] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#88] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#89] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#90] Green Gift "June 2025 Scratchcard Bonus" [\$100]

[#91] K1NG "Always a generous King of HF." [[\$200]

At this point in time Omni was probably fed up because I was already pushing the limits on his BOGO sale. I wanted to secure one more row of Gifts and he was willing to do it for \$800 this time. I asked him if he would throw in the K1NG award because I've always wanted it, and at this time any award I could get my hands on I wanted. I'm surprised I don't have the Award Whore because it definitely looks like I am one.

These awards completed my fifteenth natural row on Hackforums.

Sixteenth natural row:

[#92] Gift "June 2025 Scratchcard Bonus" [\$100]

[#93] Gift "June 2025 Scratchcard Bonus" [\$100]

[#94] Gift "June 2025 Scratchcard Bonus" [\$100]

[#95] Gift "June 2025 Scratchcard Bonus" [\$100]

[#96] Gift "June 2025 Scratchcard Bonus" [\$100]

[#97] Gift "June 2025 Scratchcard Bonus" [\$100]

These awards completed my sixteenth natural row on Hackforums.

At this stage in my hunt for awards I started to think seriously about what I wanted. I thought about it for a week and came to Omni with a proposal for a long list of awards that I wanted to scratch off my bucket list. I knew it wasn't going to be cheap. I remember seeing [sharn](#) had picked up FOURTEEN awards that day. I thought it might be an appropriate time for me to approach Omni in hopes of striking a deal.

Bundled awards:

Seventeenth natural row:

[#98] Star "HF's super star!" [Bundled deal \$XXXX]

[#99] Grey Star Bundle deal [\$XXXX]

[#100] Green Star [Bundled deal \$XXXX]

[#101] Red Star [Bundled deal \$XXXX]

[#102] Blue Star [Bundled deal \$XXXX]

[#103] Gold Star [Bundled deal \$XXXX]

These awards completed my seventeenth natural row on Hackforums.

Eighteenth natural row:

[#104] Royalty "I dub the Prince Jcole!" To become a member of the Royal HF family is something that I had always aspired to do. Through my donations, contributions, and time spent on the forum I was able to achieve this. [Bundled deal \$XXXX]

[#105] Grand Amethyst "Thank you for all your support through the years." The elite GA. The best looking diamond on the platform, and one of the most rare. I told myself that I wanted to get a GA, but the time had to be right. [Bundled deal \$XXXX]

[#106] Cyber Diamond "This donation was generous of you." I needed the Cyber Diamond to complete a row of diamonds. I could of purchased the \$75 one through the buy page at the time, but I knew this particular diamond stands out amongst all others. [Bundled deal \$XXXX]

[#107] Heart of HF "For every donation you've touched HF's heart." I needed another Heart of HF to complete a row of hearts. Dyne is no longer around, and the chance of getting his Blackened Heart Gem just wasn't practical. If he was still on the forum then I wouldn't of been eligible to get one anyways. [Bundled deal \$XXXX]

[#108] Dynamite "Boom Boom Boom!" [Bundled deal \$XXXX]

[#109] Shining Knight "You've just rescued another member from the dragon." [Bundled deal \$XXXX]

These awards completed my eighteenth natural row on Hackforums.

Nineteenth natural row:

[#110] The Protector "Protection of others award." I've tried my best to be a protector for members new and old on the forum. I felt this was a worthy award to remind myself of the goals and expectations I set for myself in the community. [Bundled deal \$XXXX]

[#111] Dstat Power God "Power, Power, POWER!!!" I wanted this award to remind me of all the years we spent using Cain and Abel and booting people offline on Xbox Live. [Bundled deal \$XXXX]

[#112]Grammar Nazi "You do have excellent grammar." [Bundled deal \$XXXX]

[#113]Gold Medal "Nonstop achievements." Omni granted me this because I had asked him if I had done anything noteworthy. Originally I thought about receiving a Silver Medal, but was more than happy to have gotten a Gold Medal.

[#114] America "Independence Day 2025" [\$25]

[#115] America "Independence Day 2025" [\$25]

These awards completed my nineteenth natural row on Hackforums.

Twentieth natural row:

[#116] America "Independence Day 2025" [\$25]

[#117] America "Independence Day 2025" [\$25]

I just picked these new ones up to show my support and love for my country, USA. There is still an ongoing sale if you would like to get one for yourself too. Omni has recently rotated the purchasable awards as well. You have a chance to buy awards that haven't been available for years.

<https://hackforums.net/buyawards.php>

These awards completed my twentieth natural row on Hackforums.

Through my time here on the forum I have grown as a person in life, and as a member on the forum.

I have made many friends through this community, and lost others too. Whether you come here to reminisce with your buddies from the past or you are a new member who has never heard of Hackforums just remember that you are welcome.

There is countless members who will go out of their way to help you if you need assistance.

Hackforums is much more to me than a MyBB forum. It has become a piece of history for my life.

I miss the friends that are gone, and will always remember them.

As Hackforums evolves over time so must we as members.
Glad I had a impact on your awards. :)

I was always a big fan of the thread that Lavish did for this concept and it's great to see you do one now too. It's really cool being taken through the history for all of the awards a member has gotten and finding out things like the timing, the order, the how, the why, etc.

You did a great job with this thread, have clearly supported HF a ton, and are an amazing member. I look forward to seeing you continue to stack up on awards as well as on a side note look forward to seeing what all you accomplish with your new group.

Thank you for everything you've contributed around here and best of luck with everything in the future.

Hey bud, I just had a random thought but I think it would be cool for some of you lads with tons of awards to print it out and laminate it or some shit or even turn them into little crafty mini photos you

can put up somewhere; especially for those soldiers who we lost and those who decided seppuku would be of the best option for them.

idk I'd put that shit on my fridge if I had as much put into this place - personally, I also find the awards more of an intrinsic feature of the forum that are just neat to have but as I stated in the past, I truly believe we would have benefited big time through staff creating events and hosting other fun things like we once did in the old days to encourage users to not just be active and spam the lounge but also do fun things

we had so long to implement the TikTok award and it could've been done so easily and honestly now I'm just going on a rant bc sad

Anyway, jcole, thank you for your dedication and support to this place for all these years that has helped Mr. Omner.

That would be cool, but then I'd have to explain to family that come over and see my profile on my fridge. They will call me crazy.

It would be cool to see some more events hosted by staff on the site. I remember i won \$500 from Omni in a Christmas contest he hosted in, 2022? Was from a lucky thread, and I got picked.

I'd like to get the TikTok award, but I don't have TikTok. I would make an account just to get the award..

I'll be honest, I never expected you to grow this much on HF back when you first joined, but I'm nothing but proud of you for all that you've achieved here brother.

I'm sure those of us who remember the early days of your time here, they were vastly different than today. You've grown into a mature, kind, and likeable individual over the years here. Always happy to see a success story, especially since all those awards certainly weren't cheap.

Here's to your 21st row bud, I'm sure it'll look cool once it's finished. ?

Also, I agree, your account should definitely have the Award Whore at this point. Surprised it doesn't, but you wouldn't be the only one with a lot of awards but no Award Whore yet. Gonna have to whore yourself out more to earn that one I suppose lol.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

I've asked myself that many times lmao. I suppose it was a mix of spending a ton of time on here anyway and also for a while at least hoping the game would get updated and the levels/cash I was getting being meaningful for that afterwards. I held an L on that one lol. I did initially only intend to get to level 50, but my nerdy ass just kept going. I probably considered calling it at 500k XP, but for whatever reason decided to keep going and then after that I was just committed to 1m. Had the guy in 1st on the leaderboard not been 2m+ XP, I may have kept going and tried to take the top spot. It's for the best that wasn't the case though lol, I pointlessly grinded enough.

(Oct 12, 2026 07:05 PM)oRequiem Wrote: [\[CITE\]](#) Pretty sure omni wouldn't allow scripts.

If I remember correctly from a conversation I had with him earlier in the year, he doesn't care anymore. Considering the state of the game since it released as well as the lack of activity over the years, I suppose I can't blame him for not wanting to enforce no script usage on it anymore. I believe when he previously talked about doing more with it in the future, he mentioned the potential of a full reset too so that could be a factor as well.

Had the guy in 1st on the leaderboard not been 2m+ XP, I may have kept going and tried to take the top spot. It's for the best that wasn't the case though lol, I pointlessly grinded enough.

If I remember correctly from a conversation I had with him earlier in the year, he doesn't care anymore. Considering the state of the game since it released as well as the lack of activity over the years, I suppose I can't blame him for not wanting to enforce no script usage on it anymore. I believe when he previously talked about doing more with it in the future, he mentioned the potential of a full reset too so that could be a factor as well.

Surprised you didn't get a special award for it.

Oh yeah, that's another reason I continued on. I was hoping that at the very least because it would surely be easy to add, a new award would become available for either hitting a higher level or that you bought with a large amount of in game cash. Unfortunately another case of taking an L because such a thing never came.

That is an insane achievement.

I've asked myself that many times lmao. I suppose it was a mix of spending a ton of time on here anyway and also for a while at least hoping the game would get updated and the levels/cash I was getting being meaningful for that afterwards. I held an L on that one lol. I did initially only intend to get to level 50, but my nerdy ass just kept going. I probably considered calling it at 500k XP, but for whatever reason decided to keep going and then after that I was just committed to 1m.
