Thread: [The ultimate Automated 1:1 E-whoring method](#)

adondada - July 16, 2025, 6:25 am

Hello fellow ewhorers! One month ago, I created a guide I used to make over 400\$/month doing e-whoring (people scaled this to 2k+ monthly?), spending 5-10 mins per day! I shared it in my discord server related to ewhoring and people love this! So I thought why not share it here too, as I'm currently doing this method only in people from my country, i don't really care to share it to people from other countries and have a passive income... (Because tbh ewhoring can make u alot but its not a stable income).

So...

What's automated ewhoring?

In simple terms: It's like OFM (onlyfans management), but without any of the modeling hard working stuff! You have the packs and shi and all you need to do is advertise and upload some videos.:ez:

Steps

You make a custom website, like onlyfans, using Shopify

(Shopify theme and settings included with the method, for maximum earnings, so u basically have to do nothing lol)

add some products, for people to buy

make Instagram and TikTok accounts, start organically, post content get some starting money, make money, scale, advertise, make more ?(optional DM users that buy stuff so u connect with them and get more money off them.)

So u basically, compared with normal ewhoring you don't have to:

- 1) Deal with broke people that don't pay in the end.
- 2) Make proofs and demos (if they pay you they won't question you after u give them what they want)
- 3) Post inaccurately (my discord's premium membership has the fundamentals and premium packs to have ready TikTok's, stories and marketing tricks)
- 4) Get banned by social media's and losing all your victims.

My discord's Premium also offers:

- 1) OFM methods, that models and model agencies use to scale!
- 2) Custom packs based on your needs (coming soon...)
- 3) 1-1 Support for any problem you have, from either me or my team.
- 4) Soon a free domain! For a fake website that tricks payment processors into thinking you make money legally!
- 5) Buyers lists for ez money ?
- 6) A dedicated channel for dedicated people to chat ?premium-chat
- 7) A ready made eshop to not having to build it yourself!
- 8) FREE VERIFICATION! (I'll edit your blank paper photo from ur pack with my premium tools (not

ready tools online I do everything manually! My setup is: Latest iPad Air, Apple Pencil Pro, Procreate)
9) Much more!

And of course the 1:1 AUTOMATED E-WHORING METHOD is included in premium membership

So as u understand, the link below has both premium, and just the 1:1 Automated E-whoring method!

Its worth it, trust me. If you dont, check my server, and ask people for proof!

My eshop and server:
