Not sales trashing but I have a honest to god question and it's not just you it's Every single person on hf that sits here and claims to make \$xx,xxx to \$xxx,xxx a month if you all are making so much a month you'd almost be a millionaire if not already so why in gods green earth are you on a forum site trying to sell it to other people that makes absolutely zero since that's like Elon musk trying to sell Shopify courses

I make \$60k a month too, bro! But not with a webcam. I just sell \$6k ebooks to people who believe posts like yours. If I scam 10 people, I'm rich. Thanks for inspiring me to exploit gullible folks the way you do. Real work is for peasants, right?

Tor - July 28, 2025, 3:13 am

I suggest your take some of that 60k and invest in a proper thread design if you want to even dream about people taking you serious.
