Bitcoin grabs \$115K liquidity as whale bets on \$200K BTC price by year-end

Bitcoin's drop below \$115,000 saw significant liquidations of late longs, but BTC's bullish scenario remained intact, according to analysts and onchain metrics.

bitcoin is very bullish, but i don't think it will hit \$200k this year

Always Sad - July 26, 2025, 9:46 am

We would love for bitcoin to hit 200k! That would be huge.

CyberGiggler - July 26, 2025, 9:54 pm

It's not a matter of if it hits \$200k it's when, by end of year would be nice.
