Thread: [Favourite Day of the week?](#)

HerrWinston - July 27, 2025, 12:27 pm

Hello yall! Since i made a thread recently about mondays, i found out many of you dont hate monday as much as other days, so i wanted to ask now, what day you like the most?

For me it would be Friday or saturday since i can relax and dont have much things to do, can meetup with everyone because most dont work on saturdays which is perfect! Whats your thought?

Saturday, hands down. It's all about catching up on sleep, hanging out with my wife, daughter, and family, and kicking back with a few drinks. Perfect mix of rest and good vibes.

All them except weekends

Do you want to explain how you dont like the best part of the week? ?

Bluffer - July 27, 2025, 2:00 pm

Saturday is the best day. No work. I get to sleep in. I get to do whatever I want.

I'm taking a shot in the dark, but judging from your response, you must work on weekends?

DirtyIndian - July 27, 2025, 2:39 pm

But of course Friday this is where the term thank God it's Friday comes from so no more work or school for the week

Certainly Saturday. Anyone that disagrees is a psychopath. Mondays and Wednesday are the absolute worst days.

Mondays are absolutely the worst day of the entire week. I don't care what anyone says, you will not change my mind.

I think so too, I hate them with my whole heart. Bad feeling waking up bad feeling through the day, good feeling at night knowing tomorrow will still be ass but at least it's Tuesday and not Monday

It's an uphill slope for all of the weekdays. Starting with shit Monday and headed up to decent Friday.

See, Sundays lead into Monday. Just touching Monday, makes Sunday worse than Saturday.

Understandable, i agree sometimes sunday is better if you have to do some boring stuff on saturday ;(

But in general yeah i think saturday is better because there is no monday in sight

My initial response was Saturday, but Sunday works as well. Basically, from Friday afternoon until Sunday night is good for me! Weekends for life!

Yeah, unless I become a mega millionaire. Where I no longer have requirements that I have to fulfil on weekdays. My answer is not changing!

It's easy to say that if I ever win the lottery, whatever weekday it falls on would be my favorite day of the week for the rest of my life, lol.

That's a fair assessment. I would think the same thing probably.

I enjoy a Monday, as it's the start of a new work week.. and with the start of a new work week, is the start for new contracts, new money, new ideas and opportunities. Let's have a round of applause for Mondays.
