Thinking of Buying this Perplexity Pro once in a lifetime deal?

Well... You're in luck if I am still in stock! ?

? How to Redeem a Perplexity Pro Promo Code on a New Account ?

Here's a quick and easy step-by-step guide to help you redeem your promo code on a new account ??

? Step 1: Visit Perplexity AI Website

? Go to the official Perplexity AI website using a desktop browser: <https://www.perplexity.ai>

? Promo codes cannot be redeemed through the mobile app!

? Step 2: Create a New Account

? Don't have an account yet? No problem! Just click Sign Up and create one in seconds.

? Step 3: Apply Your Promo Code

You've got two options depending on how you received the code:

? Manual Code Entry

? If you only have the code (no link),

? Go to the checkout/payment page

? Find the "Add Promotion Code" field

? Paste your code and apply it manually.

? Activation Link

? If your promo code came as a link, click it!

? It will redirect you to the Pro redemption page.

? A pop-up may confirm your discount and show a "Get Started" button.

? The discount should be auto-applied at checkout!

? Step 4: Confirm Subscription

? Make sure the discount reflects the promo (e.g., \$0 for free months)

? Click "Subscribe" to activate Perplexity Pro!

? Understanding the Models Behind Perplexity AI ??

Perplexity AI harnesses the power of multiple advanced AI models, giving users flexibility, performance, and depth across various tasks. Here's a breakdown of what's under the hood! ??

? OpenAI (GPT Models)

? Perplexity integrates OpenAI's GPT models, including GPT-4.1

? Used for: Pro Search, general tasks, and enhanced answers

??? Anthropic (Claude Models)

? Supports Claude 4.0 Sonnet and Claude 4.0 Opus

? Opus available for Max subscribers

? Great for: High-context reasoning, summarization, and advanced dialogue

? Perplexity's In-House Model: Sonar

? The custom-built Sonar model powers:

? Pro Search

? Reasoning Search

? Other Available Models

? Depending on your plan, you might also access:

? LLaMA 3

? Other experimental or specialized models

? Model Modes Explained ?

? Best Mode

? Perplexity automatically selects the optimal model for general use

? Pro Search

? Choose your preferred model manually for more control

? Reasoning Search

? Tailored for complex queries

? Uses advanced models like:

? R1 (Perplexity's uncensored model)

? o3

? Claude 4.0 Sonnet Thinking

? Research Mode

? Blends models together for deep research workflows

??? Perplexity Labs

? Offers powerful tools like:

? Deep Web Browsing

? Code Execution

? Multi-model orchestration for complex tasks

? Final Thoughts

Perplexity isn't just a chatbot — it's a versatile AI platform that adapts to your needs with cutting-edge models and smart tools. Whether you're researching, coding, or just exploring, there's a mode (and model) ready for you. ??

? That's it! Enjoy exploring with Perplexity Pro! ??

Doesn't get easier than that. I hit him up. He instantly replied and accepted contract, and within a few minutes after I sent the cash, he provided with a detailed easy to use email instruction and I had an issue on my side due to me misunderstanding a step and I had issues which he was patient with me and guided me through correcting it and everything works now and I recommend this to anyone. Cheapest on this site too. This guy is great, don't hesitate dealing with him. I didn't and it couldn't have gone smoother.

Thanks again brother

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
