Hi, my name is @OriVex. I've been coding since 2017 when I first started crypto due to the sheer interest I had. I have gone on to be able to code;

Python

Node.js

Solidity

Rust

Html5 + css

React

Vite

Java

But can turn my hand to anything. Im 27 and not in the scene to fuck around. Let's get shit done thanks for your time

My most recent commission is <https://solana-virus-hvc6.vercel.app/>

Dm me please
