Thread: [Send live snaps from camera roll 2 Free vouch copys!](#)

informalmarc - August 6, 2025, 11:44 am

? Send Live Snaps from Camera Roll – No Root / No Jailbreak – Works 08/06/25 ?

Snapchat patched everything — but my method STILL WORKS on the latest stock versions of Snapchat IOS

? No "from camera roll" or "from memories" tag

? Passes all detection – looks 100% real

? Works on iOS & Android

? NO jailbreak / NO root / NO sketchy apps

? \$15 USD

? Crypto only (BTC, ETH, USDT, etc.)

WORKING AS OF 08/06/25

DM to buy. Proof available. Giving away 2 vouchs to upgraded methods

I deal only on site.

I'd be interested in a vouch copy. Will leave a review after testing.

Just wanted to add that you only use the snapchat app and cameraroll nothing else no loss of quality or anything!!

Currently working on vouch copy with @undead@ and a othor respected user on site i will take a TRUSTED + ONSITE middle man!.

Have a good day

I just received the method, I confirm that it works, it takes less than 2 seconds, and it's based on the latest Snapchat method! (Red and purple snaps are working perfectly)

If there is still a vouch copy i would love to take it and leave a review

I have used most of the live snaps methods and as of now i only know one that works but its low quality and unreliable
