In 2000 Coca-Cola announced it was selling 4x more than Pepsi.

Then Pepsi drops this savage ad. ?

I just watched all of them, and there were several!

Thats funny. Every time I drink a pepsi it starts a downward spirial. A week later I wake up in a daze with a pack of menthol cigarettes, BET on the tv and a stack of child support claims for kids that aint even mine.

I prefer Pepsi over cocacola

YourLifelsAJoke - August 8, 2025, 7:49 pm

I can think of many but no clue how to add video to thread

In the EU coca-cola is the king, but I'm trying alternatives (smaller companies that produce similar colas) - trying not to give any more money to those people

To be honest with you I've never seen this commercial in my life but looks cool as for the pepsi one I remember it since a lot of people switched to pepsi at the time.

I think I'd fall for this pepsi ad if I was watching it for the first time back then

I recall a commercial featuring a woman made of cream or ice cream. I think she was eating herself, that's made the advertisement so epic. The thing escapes me atm.

?

Classic Pepsi move — if you can't beat 'em in sales, roast 'em in ads.

Well nice video but i dont how much influence it will have on those who like coca cola a lot

Anyway in my case i think neither cola or pepsi should be consumed in exces every day because has too much sugar

SIM-1349466 - September 1, 2025, 8:16 pm

I like the Snickers commercial that jabbed at the college admissions scandal from like 5 years ago.
