Thread: [SQL Data Migration \(Someone experienced with Data\)](#)

SIM-2470866 - August 14, 2025, 4:14 pm

I am looking for someone with Data migration skills.

Heres whats needed to be done ->

Need to transfer data from QuickBooks and convert it in a way to migrate to Sage 300 ERP

Then, transfer Sage 300 ERP Data to a custom CRM Tool

Let me know if anyone can work on this. DM me your telegram

Hey, I've handled QuickBooks -> Sage migrations before, and also moved Sage data into custom CRMs.

Happy to help with the conversions and make sure everything lines up properly.
Shoot me a DM with the details and I'll send you my Telegram.
